

## GERMANS HELD IN CHECK ALONG COAST

Belgian Army Reported  
Holding Its Own In  
the North

## SUFFER HEAVY LOSSES

French Attacking the Germans  
at Lille Have Been Repulsed  
With Heavy Losses

## REINFORCEMENTS TO FRONT

The Germans not only are attempting an advance along the coast of the North Sea to the French ports but have attacked the allies at many points on the battlefield from the extreme north to the heights of the Meuse.

In the north the Belgian army has held its ground with tenacity, while at La Bassée, around Arras, between Peronne and Albert, to the east of the Argonne and along the Meuse, the German offensive has been repulsed.

This is the substance of the French official report and in a measure it is an agreement with the Berlin official report which, while not attempting any detailed description of the battle, declares the German forces have met with strong opposition at the river Yser, where the fighting has continued since Sunday but that otherwise the situation favors German arms, particularly in the vicinity of Lille, at which point the French have been attacking for several days, with desperation and have been repulsed with heavy losses.

Germans Are Checked.  
Thirty thousand Germans are reported to have occupied the coast between Ostend and Nieuport and to have dug trenches along the dykes from Middelkerke to Westende, but later advices declare they have been repulsed near the latter town and that their guns are now near Ostend, which they still occupy.

The Russian commander in chief announces tersely that there is no change in the situation, although the Russians are in contact with the enemy at various points in Galicia and East Prussia. With this the Berlin official statement agrees.

Rotterdam despatches say the German marines are leaving Antwerp to join the fleet and that the ships at Antwerp have been extensively provisioned pending possible action on the part of the German navy, which has been at anchor for the past two months in Germany's well protected harbors.

Vienna officially reports Austrian successes in Galicia, east of Chyrow and Przemyśl and adds that the Austro-German armies have repulsed a great cavalry attack in Poland.

Japan Takes Islands.  
Japan announces the occupation for military purposes of important islands in the Marianne, Marshall, East Caroline and West Caroline archipelagos. All the Marianne group have been occupied with the exception of Guam, which was acquired by the United States in 1898 in accordance with the terms of the treaty terminating the Spanish-American war.

Peking despatches report on the authority of refugees from Tsingtau that the Japanese have lost several thousand men in their campaign against the German concession in China.

It is estimated that there are not less than two million Belgians outside the borders of their own country and that there are at least 500,000 wounded in France.

According to a Rotterdam despatch three Zeppelin dirigible sheds are being erected at Brussels and four at Antwerp. If this is true, it may be a preliminary to the threatened raid on England across the channel.

Desperate Conflict Continues.  
London, Oct. 20.—Fighting of the most desperate character is in progress in West Flanders and North-western France. The Belgian army, supported by the allies, is holding stubbornly to the line of the river Yser and thus far has successfully halted determined efforts of the Germans to advance along the coast.

This is announced in the French official communiqué issued this afternoon and is admitted in the report of German general headquarters which says fighting has been going on since Sunday in the vicinity of Nieuport, which stands at the crossing of the river near the sea.

A little further to the south the allies are attempting to advance toward Lille for the relief of that city, which has been in German hands for sometime. They also are pushing on the north and south of Arras. Their efforts yesterday to advance on Lille where the Germans hold strong positions were repulsed, according to the German report.

To the southward, at the head of the line, the Germans continue to make furious but futile attempts to break through the French line. Along the Meuse in the east, according to the French accounts the Germans have failed to repulse the

French troops who debouched along the territory in which is situated the Camp des Romains, now in the hands of the Germans in an attempt to shut out the portion of the German army which is thrust toward St. Mihiel.

Allies Make Progress.  
Generally speaking the French claim to have made some detailed progress at various points along the front. Paris reports that the allies have destroyed fifteen German machine guns, two of which were armored, near La Bassée and a battery of German heavy artillery in the environs of St. Mihiel.

Both sides are bringing reinforcements to the western front, where one of the supreme struggles of the war is on. The Germans are not bringing new troops from the east, but are throwing every available man in Belgium into the firing line. They seem to have the railroads working well, although they must have been seriously damaged during the battles in August and September. Troops are now being transported over them and Dutch sources report that train after train of wounded is being taken back to Germany.

In the fighting in this open country where the men have not the protection of elaborate entrenchments such as they have on the Aisne, the losses must be very heavy especially where endeavors are made to carry positions by assault.

The same correspondent says the battle continues on the Vistula, San and Dniester rivers. There is a system of great entrenchments on the Russian side and the entire front is fortified with powerful guns which day and night hurl thousands of projectiles into the enemy's lines. The Austrians and Germans, adds the correspondent, have been obliged to remain on the defensive and have repulsed a great cavalry attack to the west of Warsaw.

## WAR BULLETINS

DUNKIRK, via London, Oct. 21, 4:10 a. m.—The newspaper Nord Maritime says that the allies have driven 5,000 Germans out of Bruges and that the allies are now in possession.

Amsterdam, Oct. 20, via London, 7:40 p. m.—The Handelsblad has published a despatch which declares that Prince Walerad Frederick Waldreck-Pyromont half brother of Emma, Dowager Queen of the Netherlands, has been killed in the western theatre of the war, while engaged in patrolling.

AMSTERDAM, Oct. 20, via London, 5:43 p. m.—An Austrian official announcement given out at Vienna, Oct. 19, says:

"The battle yesterday to the east of Chrow and Przemyśl (both in Galicia), again was very successful for the Austrians. The fighting near Mizyniec was especially severe."

PEKING, China, Oct. 21, 4:05 a. m.—Refugees, who have come out of Tsingtau, the fortified position in the German possession in Shantung province, are authority for the statement that up to the time they left the Japanese had lost several thousand men before Tsingtau, while the casualties of the Germans did not amount to more than several hundred.

PARIS, Oct. 20.—The French official communication issued tonight says that the Germans during the day made attacks along the entire front and everywhere were repulsed.

The text follows:  
"The day has been characterized by an effort on the part of the Germans along all parts of the front—to the extreme north where the Belgian army has held remarkably; at La Bassée where the German troops have attempted an offensive movement of particular violence; to the north of Arras, at Mametz, between Peronne and Albert; at Vauquois, to the east of the Argonne and finally, on the heights of the Meuse and in the region of Champagne."

"Everywhere the German attacks have been repulsed."

## SPARKS FROM THE WIRES

OAKLAND, Calif., Oct. 20.—Johnny Dunce was given the decision over Joe Azavedo at the conclusion of a ten-round contest tonight.

MONTREAL, Oct. 20.—Two men were killed, a dozen others were injured and a tenement block was wrecked here tonight by an explosion on Frontenac street supposed to have been caused by a bomb.

SPRINGFIELD, Ill., Oct. 20.—Secret service men tonight arrested Fred Roberts of Newman, Ill., charged with being a counterfeiter. The mold for making five dollar gold pieces was found in his possession.

CHICAGO, Oct. 20.—W. C. Robinson, the aviator from Grinnell, Ia., who flew from Des Moines to Kentland, Ind., completed his flight to Chicago today. He flew fifty miles from Momeene, Ill., to this city in thirty-seven minutes.

SCRANTON, Pa., Oct. 20.—A movement to have the American Federation of Labor raise a national strike fund that would reach millions of dollars in an effort to secure a closed shop in the textile industry was endorsed by the United Textile Workers of America in annual convention here today.

## GERMANS MEETING STRONG RESISTANCE

Much of the Fighting Is  
Being Done In the Obscurity of Thick Fogs

## CAPTURE 400 GERMANS

French Marines Surprise Germans In Trenches—Three German Battalions Annihilated

## FRENCH WASTE FEW SHELLS

FROM BATTLE FRONT, via Paris, Oct. 20.—The German invaders are meeting a vigorous resistance in their effort to shorten their lines and rest their right wing farther southward upon the English channel. Much of the fighting is being done in the obscurity of fogs.

French marines yesterday gave a good account of themselves. German troops tried a surprise attack on the marines Sunday but the French force held the field works against superior numbers. The fight lasted all day and then the Germans contented themselves with cannonading the position of the marines.

A thick fog covered the entire region Monday and the marines, accustomed to such weather conditions, crept toward the German trenches. "No shooting," was the order; "use the bayonet."

The marines got within 300 feet of the trenches before they were seen. The coming was heralded too late for the defenders, who were bayoneted in the trenches and beyond the trenches as they ran. Four hundred German prisoners were taken.

Germans Blown to Pieces.  
One of the places where the French had been most harassed is nearer the elbow of the western line. The important position there has been taken and retaken frequently during the last three weeks. Every time the Germans had been obliged to abandon the position they returned in greater force and pushed back the French by weight of numbers.

The French took the position for the twelfth time and held it ten hours. Then came a shock of the human battering ram and the French gradually gave way. The Germans earth fortifying the place but while they were engaged there was a deafening explosion. The ten hours the French had held the point had been sufficient to mine every rod of the ground. It is estimated that three German battalions were annihilated.

The strength of the German positions north of Roye, which facilitated their movements toward Lille, is explained by the fact that they were occupying an unfinished canal extending as far as Roisel. The Germans found in the deep broad cutting magnificent entrenchments in which they had only to install batteries of artillery.

Intensity of Fire Has Diminished.  
Officers of the allies say they have noted that only about 40 per cent of the shells from these guns explode. They also say that the prodigality of the fire from them apparently has depleted the Germans' supply of ammunition as the intensity of the fire lately has diminished.

The French artillerymen are so careful in getting their ranges that they waste few shells. In "an artillery duel near Armentieres the Germans fired for half a day into thickets that had been abandoned sometime before. When the French three-inch guns finally got the range twelve shells from them silenced the German battery.

## INDIAN REVOLTS INCREASE CONFIDENCE IN GERMANY

London, Oct. 20.—9:25 p. m.—The following despatch was received here from Berlin by the Marconi Wireless Telegraph Co.:

"On September 12, Portuguese troops left for Angola on Mozambique, Portuguese possession in West and East Africa, respectively. Each of these forces consisted of one battalion of infantry, one battery of machine guns and an ambulance staff. Each force aggregated approximately 1,600 men. Two native companies each of 240 men have left Mozambique for Angola."

"Great Britain's appeal to Portugal for help reveals the chaotic condition which exists in South Africa. The revolts in India are increasing confidence in Germany. According to Constantinople reports England has transferred battalions from Malta to India."

## AUTOMOBILE OVERTURNS

Carmel, Ill., Oct. 20.—Thomas S. Williams, the republican congressional nominee in the Twenty-fourth district and Albert Bohleber were seriously injured today when the automobile in which they were returning from White County overturned. A bull dog leaped in front of the car. Mr. Bohleber tried to turn aside and the machine turned turtle.

## SPRINGFIELD LOSES THREE-EYE FRANCHISE

SIX CLUB LEAGUE IS RESULT OF REORGANIZATION

Dubuque and Capital City Fail to Advance \$500 and Forfeit Their Franchises—Al R. Tearney of Chicago is Re-elected President of the League.

Peoria, Ill., Oct. 20.—A six club league is the result of the reorganization of the Three-eye league here this afternoon. Peoria, Davenport, Moline, Decatur, Bloomington and Quincy, each advanced \$500 in cash to secure their franchises. Springfield and Dubuque, the two other clubs in the league during the past season, failed to put up this amount and forfeited their franchises. Other clubs expected to submit propositions for membership in the league in the near future are Rock Island, Rockford, Terre Haute, Evansville, East St. Louis and Gary Ind. Joliet is also a likely bidder. It is also thought that Springfield and Dubuque will apply for re-admittance before next spring but the towns mentioned above will probably submit better offers.

Al R. Tearney of Chicago was re-elected president of the Three-eye league for a period of three years. James Hayes of Davenport was elected vice president. A committee was appointed to draw up a new constitution. The report of this committee will be heard at the winter meeting of the league to be held in Davenport on Tuesday, January 12, 1915.

A report of league indebtedness was read:

Those attending the meeting were: Myron Greisheim and Harry Hamilton, Bloomington; Tom W. Allen, Springfield; James Corbett and Geo. Reed, Decatur; Otto Urban, Harry Woods and C. W. Shannon, Quincy; J. T. Hayes, Davenport; Lee Blackman, Eli De Rue and Charles O'Malley, Peoria; Forrest Mass, Dubuque; Charles S. Jones and Harry M. Powell, Peoria and President Tearney of Chicago.

A prize of \$50 has been offered for the best six club schedule presented to the magnates at the January meeting at Davenport.

## AMERICAN RAILROADS NOT ONLY INDUSTRY EFFECTED BY WAR

No Condition Confronts the Railroads that Does not Equally Effect Every Other Industry Say the Shippers.

Washington, Oct. 20.—Counsel for shippers and shippers associations took the position before the interstate commerce commission today that no condition confronts American railroads as a result of the European war or any other cause, that does not equally effect every other industry. This contention was the basis for rigid cross-examination of witnesses called before the commission by the eastern railroads to support their petition for relief through a general increase of at least five per cent in freight rates.

Members of the commission, all of whom are present with the exception of Chairman Harlan frequently questioned witnesses closely. The attack of Special Counsel Brandeis on the policy of the railroads of maintaining their dividends without respect to the financial straits in which they now profess to find themselves, received special attention from Commissioner Meyer. Questioning both Daniel T. Willard, president of the Baltimore and Ohio Railroad and Fredrick W. Strauss of the New York Banking House of W. and K. Seligman, Mr. Meyer asked if stockholders had not been content to draw their profits part in the improvement of the property and part in cash. Both witnesses insisted that reduction of dividends would impair credit of the lines.

## TODAY IS TRAFALGAR DAY.

London, Oct. 20.—10:25 p. m.—Tomorrow is Trafalgar day and it will be made occasion of great effort to recruit men for the army.

Already hundreds of wreaths and bouquets have been banked at the base of the Nelson Monument in Trafalgar Square, where great crowds gathered throughout the day.

In addition to the flowers the entire base of the Nelson monument is enveloped with recruiting banners bearing the words "Your King and our Country Need You."

## U. S. BEHIND TIMES AERIALLY.

New York, Oct. 20.—Enea Bossi, an officer in the Royal Italian navy, attached to the aviation corps, who has been in the United States several weeks was a passenger on board the steamship San Guglielmo sailing today for Naples.

He said he had been looking over American hydro-aeroplanes but would not say whether he had purchased any for his country.

"The United States is far behind in aerial craft," said the Italian officer. "In hydroplanes Italy is second only to England."

## GERMANS GREAT FLIERS.

London, Oct. 20.—The aviation problem is being handled wonderfully by the German forces," says a German official wireless despatch from Berlin received by the Marconi Co. tonight. "The aeroplane work of the French is not to be compared with ours. So far the Germans have destroyed on an average one aeroplane daily."

## LEGISLATIVE TANGLE CLEARS SLIGHTLY

House Has Compromise Cotton Relief Proposal Under Consideration

## WORK ON WAR TAX BILL

Joint Conference Committee Works on War Tax Bill—Hope to Adjourn Saturday

## OTHER WASHINGTON NEWS

TUESDAY IN CONGRESS.  
Senate.  
Met at 11 a. m.

Considered in executive session peace commission treaties with Panama and the Dominican Republic.

Adjourned at 1:36 p. m. to noon Wednesday.

House.  
Met at noon.

Rules committee reported rules to immediately consider the Lever cotton warehouse bill and the Glass bill to allow national banks to issue circulating notes on commercial paper up to 100 per cent.

War revenue bill, with senate amendments, was reported by ways and means committee, with recommendations that the house disagree and send it to conference.

Considered District of Columbia legislation with an agreement to take up cotton relief legislation next.

Adopted resolution to settle long standing claims aggregating more than \$1,000,000 for private property taken to enlarge capitol grounds.

Lack of quorum kept house at standstill for three hours and prevented action on cotton loan amendment.

Adjourned at 6:30 p. m. until noon Wednesday.

WASHINGTON, Oct. 20.—With a compromise cotton relief proposal under consideration in the house and a joint conference committee at work on the war tax bill, the tangled legislative situation cleared slightly today and hope for an adjournment of congress by Saturday again put in appearance.

The cotton forces in the house, which have been holding up the war revenue bill as a means of forcing cotton relief legislation, gave way when the committee reported a special bill on the Lever Cotton warehouse bill and the Glass bill authorizing the acceptance of 100 per cent commercial paper as a basis for federal reserve currency. The rule carried a special amendment to the Glass bill which would authorize the secretary of the treasury to deposit in banks in the cotton and tobacco states \$250,000,000 of government funds to be used in meeting the cotton crisis. The funds would be secured by a sale of Panama canal bonds or by an issue of \$250,000,000 two per cent government notes maturing January first, 1916.

With the understanding that this proposal was to be considered in the house, the cotton states representatives allowed the house leaders to send the war revenue bill to conference. The house and senate conferees immediately began a session which ran well into the night and in which all of the undisputed sections of the bill were promptly agreed upon.

## LACK HOSPITALS AND SANITARY ARRANGEMENTS

Many Places in Russia Are Overcrowded—Shortage of Officers.

London, Oct. 20, 10:05 p. m.—"The Russians at Warsaw," says a Marconi despatch from Berlin, "are greatly inconvenienced by inadequate sanitary arrangements and lack of hospitals."

"Kiev, Moscow and other places in Russia are overcrowded. Troops from Bessarabia are being sent to the Caucasus where the rebellion is difficult to crush."

"There is a shortage of Russian officers and non-commissioned officers."

"Despite the numerical superiority of the enemy's forces at Warsaw, Gen. von Hindenburg is confident of victory."

"The Austrian offensive in Galicia is making progress. The Russians, in their attacks before Przemyśl lost 40,000 men where as the Austro-Hungarian casualties in the same engagements were only 500."

## SAM LANGFORD WINS.

Boston, Oct. 20.—Sam Langford, the negro heavyweight of Boston, knocked out Gunboat Smith of New York in the third round here tonight.

## PROSECUTION WILL COMPLETE CASE TODAY

TRIAL OF MRS. CARMAN IS PROGRESSING RAPIDLY

Day Is Spent in Drawing From Witnesses a Chain of Preliminary Circumstantial Evidence—State Seeks to Establish Jealousy as Motive for Crime.

(Mineola, N. Y., Oct. 20.—The prosecution's case against Mrs. Florence Conklin Carman, on trial in the supreme court here for the murder of Mrs. Louise Bailey, will be completed tomorrow morning. District Attorney Lewis J. Smith made this announcement at the close of a day spent in drawing from a score of witnesses a chain of preliminary circumstantial evidence by which he hopes to link Mrs. Carman with the commission of the crime.

Many of today's witnesses were called to establish the alleged motive—jealousy. One was Mrs. Elizabeth Varance, a trained nurse, whose face Mrs. Carman slapped when she saw Dr. Carman give her money and allow her to kiss him, it was testified. Another was Gaston Boissanault, former chief of the Canadian secret service and now manager of the company that sold the wife of the physician a mechanical device that she might hear what went on in her husband's private office when women patients were there. Then there was the man who installed the instruments.

A new fact was developed which the prosecution seemed to consider significant. Physicians who performed the autopsy on the victim of the tragedy in the doctor's office testified that she would have become a mother had she lived.

The state's two star witnesses will testify tomorrow. One is Colin Coleman, the negro maid and the other is Frank Farrell, an unemployed engineer.

Farrell's story is to the effect that he was at the back door of the Carman house at the time of the shooting. He is quoted as saying, he saw Mrs. Carman run into the house from the side yard directly after he heard the crash of breaking glass and the report of a revolver shot.

## BEGIN ARGUMENT IN SUIT AGAINST STEEL CORPORATION

Entire Week Will be Taken Up by Final Arguments of Counsel For Government and the Company.

Philadelphia, Oct. 20.—Argument in the suit of the federal government which is seeking to break up the United States Steel corporation by separating into independent units all of its subsidiaries on the grounds that their commission constituted a violation of the anti-trust laws was begun here today before four judges sitting as the United States court for the district of New Jersey. Jacob M. Dickinson, former secretary of war, who has been in charge of the government's side of the case since it was instituted in October, 1911, took up the entire day in presenting the prosecution and will continue tomorrow. The entire week will be taken up by the final arguments of counsel for each side.

The opening day's argument produced no sensations and there was little brought out that was new. The steel corporation has been under investigation into the one giant department of justice but by the federal bureau of corporation and congressional committees and much of the testimony dwelt upon today by Mr. Dickinson was published in reports and in newspapers.

Counsel for the government told the court that the billion dollar corporation, in magnitude and strength is the greatest commission of capital ever brought together under one control. Mr. Dickinson began his argument by going back more than a score of years into the history of American industries. He told of the sharp competition that then existed in the iron, steel, tin plate and kindred industries; of how pools were formed in the steel field and how agreements were made among manufacturers of iron and steel to keep up prices; how these pools dried up and agreements were broken; how captains of industry schemed to put one another out of business; how one steel concern would absorb another and gradually led up to the formation of the gigantic corporation now under fire.

## INTEREST IN FINANCIAL AFFAIRS CENTERS AROUND WASHINGTON

Conferences Being Held Regarding Existing Foreign Exchange Conditions.

New York, Oct. 20.—Interest in financial affairs today centered mainly around Washington where further conferences were held between representatives of the British finance minister and officials of the United States treasury and in which some of the prominent banking interests of the country were participants. The outcome of these meetings, which are to be continued, is expected to have a very direct bearing, not only upon existing foreign exchange conditions but also upon the broad question of the reopening of the London and New York stock exchanges.

## CONVENTION AWAITS ZAPATA'S COMING

General Will Personally Attend Peace Convention at Aguas Calientes

## NEUTRALITY VIOLATED?

Presence of 15,000 Troops Near City Is Said to Violate Neutrality of the Convention

## CITY IN "STATE OF SIEGE"

MEXICO CITY, Oct. 20.—General Zapata will personally attend the constitutional peace convention now in session at Aguas Calientes, arriving there at the end of the present week. All action looking toward the draft of a new platform and the formation of a provisional government will be suspended until his arrival.

Many protests are being filed because of alleged outrages committed by General Villa's soldiers who are said to be holding up delegates at the point of the pistol and demanding that they shout "Long live Villa." It is cited that generals have been accosted in this manner.

A protest also has been made that the neutrality of the convention is being violated by the presence of 15,000 troops within an hour's ride of the city of Aguas Calientes. The soldiers came from Zacatecas and belong to Gen. Villa's command. A similar complaint has been registered because of the presence of a large body of troops to the south, the delegates claiming that the city is in a state of siege.

A resolution was passed today absolutely forbidding recruiting on either side while the peace conference is in session.

## Preparing to Resume War.

Naco, Ariz., Oct. 20.—While awaiting the arrival of the peace committee from Aguas Calientes to settle the differences between Governor Jose Maytorena and Gen. Benjamin Hill, both these leaders are preparing to resume hostilities.

Maytorena is evidently planning the demolition of Naco, Sonora, as he now has five field pieces planted on three sides of the town. The guns in their present position will endanger the American town more than before, should Maytorena renew the attack on the Mexican village.

General Hill has not been idle. He has four guns enroute which are expected to arrive tonight. It is thought Maytorena may anticipate their arrival with an attack on Naco, Sonora.

## Arrests Carranza Delegates.

El Paso, Tex., Oct. 20.—Border reports that General Villa had arrested several Carranza delegates to the convention at Aguas Calientes lacked definite denial today from Villa agents here. The unexpected entry of the northern leader into the conference city at the head of several hundred troops has caused much anxiety to the Carranza followers but they failed to confirm the report of the arrest of Carranza delegates.

Villa himself, it was reported officially, has left Aguas Calientes for Durango City with a strong column. It was understood that he had gone to quell the Arrieta Brothers, whose troops had joined Gen. Maclevo Herrera in his desertion of the division of the north to the Carranza side. Another proclamation from Herrera, scoring Villa was received here today.

## MORAN TO PILOT PHILLIES.

Fitchburg, Mass., Oct. 20.—Patrick J. Moran, who has been acting as coach for the Philadelphia National League baseball team, today was elected manager of the club to succeed Charles S. Looin, according to a telegram Moran received from President William S. Baker of the Philadelphia club tonight. Shortly afterward Moran received another telegram from Hans Lobert third baseman of the Philadelphia, who was a candidate for the position congratulating him on his selection.

## WEATHER INDICATIONS AND TEMPERATURES.

WASHINGTON, Oct. 20.—Illinois: Fair Wednesday and Thursday.

## Temperatures.

The current, maximum and minimum temperatures recorded Tuesday were:

Jacksonville	66	76	47
Boston	58	68	50

#### Boosting For Roger.

Senator J. Hamilton Lewis is to make a number of speeches in Illinois the coming week in support of Roger Sullivan's candidacy for the United States senate. Governor Dunne is also booked for a number of speeches wherein he expected to tell Democrats why they should support the Chicago gas magnate in his senatorial aspirations.

These two leading Illinois Democrats certainly furnish splendid examples of party loyalty as they start forth on these speech making tours for the rank and file have not forgotten that it was only a few weeks ago that the senator and the governor together with Mayor Harrison of Chicago issued a manifesto unparalleled in the politics of the state wherein they denounced Sullivan in unmeasured terms. They may now go through the motions of giving aid to Sullivan but it is a safe guess that secretly they are hoping that he will not roll up enough votes November 3rd to make him "the people's choice."

#### Roads May Get Increases.

The railroads have resumed their arguments before the Interstate commerce commission asking authority for an increase in freight rates. Just now they have added to their other pleas the fact of an acknowledged business depression and the European war. The roads really have some argument now too in the European situation for while shipments were interfered with only during the opening weeks of the war there certainly will be grave difficulties in getting any financial assistance for the roads from European financiers.

A number of American roads have been financed almost wholly by European capital and owing to the drain of the war it can be set down as a practical certainty that it will be a long time before any more money is available from European sources for United States roads. The roads are believed by financial men to now have a better chance for securing authority for an advance than has been previously true.

#### To Urge United Effort.

Dr. Hieronymus, community adviser of the University of Illinois, is to come to Jacksonville soon to make an address. His work is especially along the line of pointing out to farmers the advantage of united effort. In many parts of Illinois farmers have united for the development of the soil fertility or of some special type of livestock and with excellent results. In one Northern Illinois county it is a fact that \$10 per acre has been added to the value of all the lands in the county because of the work together. Dr. Hieronymus should have an earnest audience when he comes to Jacksonville of farmers and those interested in farms, for if he can suggest ways and means for bettering farm conditions he has a message which will mean much in dollars and cents to this community.

#### A Good Place to Live.

In these days when times are accounted "hard" and the papers are full of talk about the general business depression it is a wonderfully desirable thing to live in a community like Jacksonville. Here the general business depends upon the farming community and so-called depressions are felt here much less than in the average city.

The business prosperity of Jacksonville depends upon the farms and this year while the weather conditions were not accounted favorable

the general result for the year will be satisfactory. The wheat crop turned out much better than was anticipated and many farmers secured high prices.

Now it is acknowledged that the corn crop will be larger and better than was anticipated and there are many fields in Morgan county which will yield from forty to sixty bushels to the acre. Last year the yield was smaller and the opening price was forty cents while this year corn has been contracted at from fifty-six to sixty cents. There was a larger acreage of alfalfa in the county this year than ever before and the weather conditions have been ideal for this crop and it has helped swell the total. The rains have put the pastures in fine shape and altogether farm conditions are better by far than was true in 1913. And as suggested before it is a great thing to live in a city which is not subject to great financial stress, a city which depends upon an agricultural community where complete failure is never known.

#### Must Learn From Europe.

How large is all Germany? About the size of Iowa, Minnesota and Missouri put together. Do the people in Germany know more than our people?

There are many things which they know and we have never learned. Let us prove it. If the farmers of those three states know their own work as well as the German farmers know theirs, there would be much larger crops. The farmers in Germany raise half as much oats as all the farmers in the United States, almost as much barley and hops, three times as much sugar, six times as much bushels of potatoes, and nine times as much rye.

What should we say if the farmers of three states beat all the other farmers put together? And here is Germany of the size of three states doing that thing.

In 1907 Germany had 43,000,000 acres in wheat, rye, oats, barley and potatoes, and we had 88,500,000 acres in the same crops. From less than half as much land the Germans almost twice as much produce—3,000,000,000 bushels to 1,575,000,000 bushels on more than twice as much land.

How large is France? About the size of Kansas, Minnesota and North Dakota.

France sowed 16,000,000 acres in wheat in 1907. So did these three states. France harvested 325,000,000 to our 188,000,000 bushels. They got \$137,000,000 more for the crops from the same area.

Our land is as good as theirs, or better, but we do not handle it as we ought. We are learning. We are getting larger crops each year, but we still have much to learn.

#### Horses for the War.

During the next decade there will probably be an increased demand for American horses in the countries now engaged in the European war. The demand may even continue much longer, according to investigators of the U. S. Department of Agriculture, as not only will horses be needed for armies, but when peace is restored, more will be needed for agriculture. Already European agents are purchasing horses in this country and Canada, and there is an increased interest in many sections in horse breeding.

To meet this increased European demand American farmers may well endeavor to raise well-bred horses, although the Department of Agriculture does not advise them to purchase a surplus of horses merely for breeding purposes. It merely advises that ordinary farm work should be done whenever possible by good horses which should be bred to good stallions. It also desires to emphasize the fact that only horses of high quality may be profitably raised today. Inferior horses are a drag on the market, and their production is to be discouraged as much as the production of good horses should be encouraged.

The United States has previously been drawn on to supply European countries at war. In the Boer War over 100,000 horses were bought here by the British government.

The countries now at war have following supply of horses: Great Britain, 2,231,000; France, 3,222,000; Belgium, 243,000; Germany, 4,523,000; Austria-Hungary, 4,274,000; Russia, 24,652,000. Total 39,265,000.

#### REMOVED OLD LAND MARK.

A force of men has completed moving the side track of the Wabash railroad at Morgan, west of Chaplin. This tract has been down 50 years and is one of the old land marks of that section of the country and perhaps the longest piece of track of the Wabash system that has been laid for half a century. The switch was removed to Bluffs where it will be utilized. The trains will still continue to stop at Morgan by flag.

R. D. Megginson and George Clayton left Woodson yesterday for a business trip to Larimore, North Dakota.

### MEMBERS OF BOOSTER CLUB PLAN AN OLD FASHIONED BARBECUE

Adopt Resolution Urging County Board to Build Hard Road—Propose Food Show for Jacksonville.

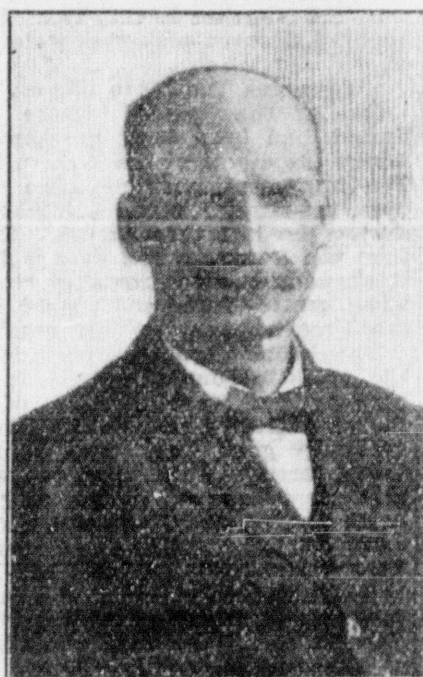

Although the attendance at the meeting of the Young Men's Booster club Tuesday night, was not as large as has been the case at the other meetings, this lack of numbers was made up in the enthusiasm shown and the work planned. Most noteworthy among the movements started were those looking toward the construction of a hard road by the county, another for an old fashioned barbecue to be held at the time of the meetings of the Morgan County Farmers' club and a third for a Pure Food show to be held in connection with the Made in Jacksonville festival this winter.

It is planned to interest all organizations of the city in the barbecue and to make it an all day affair on October 31. On that date Dr. Hieronymus of Euroka college will be in the city and this attraction, together with the other meetings held by the Farmers Clubs, are expected to attract a large crowd. A committee is to be appointed to work out the details of the plan.

John D. Cain brought up the hard road matter and made a motion that the club endorse the hard road planned for Morgan county, pass a resolution and forward it to the county commissioners. It was pointed out at the meeting that unless the county begins the construction of a hard road within a specified time it will forfeit its right to its portion of money appropriated for hard road construction, not only for this year but for the time that the law is in effect. The motion of Mr. Cain resulted in the passage of the following resolution:

"Resolved, that we, the Young Men's Booster Club of the city of Jacksonville, county of Morgan, state of Illinois, do hereby recommend and urge the county board of said county to build the proposed road connecting Springfield and Jacksonville on the Morton road, known as the South Road. This action is immediately urged in order that the county can avail itself of the state aid funds which have been allotted to her."

A Pure Food Show for Jacksonville in connection with the Made in Jacksonville Show this winter, is also planned by the club and in this work they would have the assistance of the Illinois Pure Food Commission. A committee is to be appointed to investigate the matter and with the Chamber of Commerce, formulate a Made in Jacksonville and Pure Food Show.

H. A. WITHEE.

Hart A. Withee, republican candidate for County Superintendent of Schools is qualified in every way for the office he is seeking both by training and education. The office of county superintendent should be given to a man who is experienced in all lines of school work and who can supervise the work of teachers in all grades and in the high school.

The office of county superintendent is of vast importance from the fact that this officer comes in such close touch with the boys and girls of the county and so with practically all of the homes in the county.

Mr. Withee is an Odd Fellow and served for a number of years as recording secretary of Uralia Lodge No. 243, I. O. O. F. He is a charter member of Cedar Camp No. 1098, Modern Woodmen of America and is a member of the Brooklyn M. E. church of this city.

Otho McCracken who has been assisting in making the inventory of the property of the J. Ry & Light company as called for by the public utilities commission has departed for his home in St. Louis.

**MRS. C. R. POST IS BURIED IN SPRINGFIELD**

Services Are Conducted by Dr. R. O. Post of This City—Formerly Resided in Jacksonville.

Funeral services for Mrs. Carrie L. Post were held at the chapel in Oak Ridge cemetery, Springfield, Tuesday morning at 11 o'clock in charge of Dr. R. O. Post of this city.

Mrs. Post was the wife of Chas. Rollin Post, formerly of Springfield, and died Saturday, October 16, at Ft. Worth, Texas, where she had been a resident for a number of years.

Mrs. Post's maiden name was Caroline Lathrop and she was born in Ashford, Conn., November 27, 1824. She was married to Charles Rollin Post at Hartford, Conn., October 10, 1853 and shortly after their marriage they came to Illinois, making the trip in a stage coach.

The home was made in this city for a short time and Springfield then became a permanent residence until 1887, when Mr. and Mrs. Post removed to Ft. Worth.

Mrs. Post is survived by her aged husband, and two sons, Carroll L. Post of Battle Creek, Mich., and Aurelius A. Post of Ft. Worth.

The death of the other son, Charles W. Post, occurred on May 9th last at Santa Barbara, Calif.

Among those from Jacksonville who attended the funeral were Mrs. R. O. Post, Mrs. Charles H. Ward and Mrs. Charles H. Smith.

**BIG RACES TODAY.**

See the races at the Driving Park this afternoon at 1:30 o'clock sharp.

**FIVE MEETING AT LITERBERRY**

The revival meetings at the Christian church in Litterberry, conducted by Evangelist Roger H. Fife of Kansas City, Mo., are growing in interest daily.

The recent rains have hindered very materially, but the enthusiasm has not lagged. There have been ten conversions during the week. As the new moon will soon be giving light the people will attend for miles around. The services will continue over next Sunday. The basket dinner and all day services last Sunday were largely attended and greatly enjoyed.

**GRADUATING EXERCISES.**

Graduating exercises at Passavant Memorial hospital will be held tomorrow night at 8 o'clock. The public is cordially invited to attend.

**THE BIRTH RECORD.**

Born, to Mr. and Mrs. Charles Keirl, a son. The young man is doing splendidly.

## PROF. STELLA COLE LECTURES

### ON "PRESENT CRISIS IN EUROPE"

Valuable Information Given in Able Address by Member of Illinois College Faculty—Gives Books to Library on War.

"The Present Crisis in Europe" was the subject of an able address by Prof. Stella Cole of the Faculty of Illinois College in recital hall at the Academy Tuesday night. The hall was not large enough to seat the audience that assembled there. Miss Cole was among those who left Europe as the breaking out of the war and speaks with authority.

Miss Cole began her address by telling of the German government and of what it had accomplished.

The solving of economical problems, its equal suffrage league, the reconstruction of the social democratic party, the latter in a great measure thrusting out the problems of the working class. She told of the peace meeting which had been conducted throughout the entire Empire last winter. Germany protested against diplomatic relations with Russia, a country which they claimed had so mistreated its own people.

The scholarly attainments of the students and professors was a subject touched upon by the speaker. She told of the Germans' conception of American athletics. The Germans appeal for athletics was shown through the 100th anniversary of the Battle of Leipzig. Valour such as was displayed in casting off the Napoleon yoke should be the motto of the youths in developing wealth of physical endurance.

The Germans have no idea of athletics from the standpoint of team work or of winning in any particular game. Military training in a great measure takes the part of American Athletics.

Miss Cole told of her conversation with Austrians and of the Balkan situation. She read extracts from utterances of the English Ambassador to Vienna for the past three years expressing the hope that Austria would punish Serbia and that, specially, she also related the German policy from the French-Prussian war to the present crisis.

Up to the end of July no one in Germany dreamed of war.

Miss Cole told of her being in Paris at the time of the mobilization of the troops and of her journey to London. She quoted from the White Book of England in which expression was given that it was England's greatest shame to be connected with Russia in any war.

One of the witnesses introduced in defense of the toleration of German attitude from English sources was that Austria should fight her own battle with Serbia up till the moment that Russia entered the arena. Germany pledged to leave France and French colonies alone if England would keep out of the conflict.

Lord Moreley and John Burns rather than lend their vote to the war in the British parliament resigned.

In concluding her remarks Prof. Cole said that England during the early excitement of the war did not take pleasure in going to war and among its educated people the idea was expressed that America should not do so much thinking as to what would become of her if she should become entangled in the war but should be deeply concerned over the war cloud that might later hover because of America's own economic unrest.

Miss Cole has presented to the public library several copies of Dean Burgess' analysis of the war, one of the most authentic authorities on international law.

**BREAKS ARM AS RESULT OF FALL FROM STEP LADDER**

Mrs. Erie Lamb Painfully Injured While Picking Peaches—Miss Catherine Hanning Fractures Arm at Litterberry.

Mrs. Erie Lamb, residing four miles east of Jacksonville, met with a painful accident Tuesday afternoon as the result of falling from a step ladder, while picking peaches.

She fell in such a manner as to break both bones of the right arm above the elbow. Dr. J. U. Day was summoned and he brought the patient to Passavant hospital, where the member was set. The accident is quite a painful one.

**Catherine Hanning Injured.**

Miss Catherine Hanning of St. Louis, while visiting her cousin, Mrs. Thomas Newell, east of Litterberry, fell on a slippery walk Tuesday morning, fracturing both bones of the right fore-arm.

She was taken to the office of Dr. Clyde Fortune where the fracture was reduced and the patient is resting easy.

**HALLOWEEN MASKS AND NOVELTIES.**

For these goods see Wilmet's, 59 Southeast Corner Square.

**STORY HOUR AT LIBRARY.**

The story hour will begin at the public library this afternoon at four o'clock when a program of Indian legends will be given by Miss Ruth McLaughlin and Miss Clara Lane.

The legends to be related are those of various tribes, Sioux, Blackfoot, and Canadians. Miss Lane will tell "Fox and the Bear" and Miss McLaughlin "Ithanhiela," "Iktonia and the Ducks," "Scar Face" and "War Party."

**BOOSTER CLUB TO MEET.**

The U. C. T. Booster club will hold its regular monthly meeting this afternoon with Mrs. A. A. Munson at her home on North Sandusky street. A business session will be held and a full attendance is desired.

**GOOD PROGRAM.**

Jacksonville Driving Club offers good racing matinee this afternoon. Don't fail to see it. 1:30 sharp.

### The Guide Post to Economy and Correctness

in Dress Bears the Following Inscription:

## Buy Your Dress Goods at Harmon's and Use Pictorial Review Patterns

Pictorial Review Patterns—in their simplicity of construction—have done more to reduce the "high cost of being well dressed" than any other agency. The making of a dress, in many cases, costs more than the material, but by the aid of these patterns it is an easy matter for a novice—if she has the least aptitude for dress making—to fashion a garment embodying all the style lines accentuated in the original drawing of the designer. This has encouraged home dressmaking, which eliminates the expense of a paid dressmaker.

As the use of Pictorial Review Patterns leads to the proper construction of your dresses, Harmon's Dry Goods Store stands out as the best place in the "fifty mile zone" to buy the materials which enter into the dress. Our Dress Goods and Silk sections contain complete assortments of all the materials upon which fashion has placed her stamp of approval. It makes no difference what your requirements may be—from the simple house dress to an elaborate evening gown—our stocks are splendidly prepared to satisfy you in every particular.

## SCHRAM

PRIOR to 1880 there was no organization, no regulation of hours or shop conditions in the cigar industry. Chaos reigned. Health was bad. Pay was poor. Hours were long and employment unsteady. In addition, the influence of labor in securing remedial legislation was lacking, owing to lack of organization. The birth and growth of the American labor movement brought with it, through its economic strength and its legislative influence the remedial legislation, both in the union and governmental bodies, which has shown remarkable results as regards health in our industries.

The following is taken from a report made by International President Perkins to the membership of the C. M. I. U. of A. It is a compilation of statistics gathered from the locals of the organization in the United States, Canada and Porto Rico. The figures are eminently correct and reliable. They indicate results obtained in the standard of health in the cigar industry through organization.

"In 1888, two years after the adoption of the eight-hour work day, 50 per cent of the deaths that year were caused by tuberculosis.  
"In 1910, the total number of deaths was 588, of which number tuberculosis claimed 126, or 21 1/2 per cent.  
"In 1911, the total number of deaths was 622, of which number tuberculosis claimed 136, or 20 1/2 per cent."

## WABASH TRAINS COLLIDED IN SPRINGFIELD YARDS

West Bound Passenger was Moving Slowly or Fatalities Would Have Resulted—Two Jacksonville People Injured.

In coming through the Springfield yards Tuesday morning the Wabash passenger which is due in this city at 7:15 ran into a switch engine and only the fact that the train was moving slowly averted a serious wreck. As it was, a number of passengers sustained cuts and bruises and all of them were very much shaken up and frightened. The force of the collision was such that in the smoker and chair car the lights were put out and the passengers were thrown from their seats. Among the Jacksonville people who sustained injuries were Mrs. Florence Hartmann and Fletcher T. Buackburn. Mrs. Hartmann was in the dressing room of the sleeper and was thrown backward, striking against the side of the car. She received a painful bruise to her left elbow and was also rather badly shaken, but her injuries were not of a serious character. Mr. Blackburn was in the men's dressing room on the sleeper and was standing before a washbasin when the collision came. He was thrown forward and his head struck squarely against a mirror, which was broken into hundreds of pieces. His forehead was badly bruised and he received a deep cut across the bridge of his nose. He bled quite freely but was given the best attention possible on the train and arriving in Jacksonville went to the office of Dr. Rowe, where his injuries were dressed.

Passengers who were still in their berths quickly made their appearance and complained of bruises, but none of them were hurt to any extent. The heavy fog obstructing the view of the engineer is said to have caused the collision. Frank Gould, conductor of the train was in the smoker and was badly cut and bruised. He was thrown a distance of eight or ten feet across the car seats.

## MATRIMONIAL

**Smithy-Dennis.**  
The marriage of Mr. D. C. Smithy and Mrs. Effie M. Dennis took place Tuesday afternoon in Waverly, Rev. J. S. Smith officiating. She is a daughter of J. S. Rankin of Waverly and a sister of Mrs. M. E. Gary of the same place. They expect to reside at Goss, Mo.

## IMPROVEMENT OF THE LAW FROM WITHIN IS ADVOCATED

Is Keynote of First Day's Session of the American Bar Association.

Washington, Oct. 20.—Improvement of the law from within to stem the tide of popular criticism prevalent in recent years was the keynote of the first day's session of the American Bar Association here. President Wilson in his address of welcome pleaded for the humanizing of the law by the incorporation of more justice into the cases and less citations of former precedent. Taft emphasized in an address to the judges of the country gathered for the first time in the history of the country in formal meeting, the necessity for removing delays in litigation. Associate Justice McReynolds of the supreme court at the same meeting urged the judges to give more attention to public opinion. At tonight's session of the bar association, proper Senator Elihu Root in speaking of the "layman's criticism of the lawyer," suggested lawyers should apply the rules of evidence with more regard to common sense and might well avail themselves of expert assistance.

Julia Arthur will return to the stage for two performances, one in Boston and one in New York, to aid the families of European actors.

## We've Been Talking to You for Several Months ABOUT MONEY.

Altho hundreds of Jacksonville people have taken advantage of our low rates, long time, easy payment plan of loaning MONEY, we know there are many more who could use a few extra dollars to good advantage but hesitate to call for some imaginary reason. You may think it a difficult matter to draw MONEY of us, that we ask you a lot of embarrassing questions, or go nosing around among your relatives or friends to find out all about you. We do nothing of the sort. We simply LOAN you the MONEY on your own name without asking any one to sign with you, and only ask a lien on your Furniture, Piano, Fixtures or other personal effects as an evidence of good faith on your part, you pay us back in small weekly or monthly payments and that's all there is to it. We have a long time lease on our office room and have it fitted up in a business like way. A call will convince you that we are reliable and we assure you pleasant and courteous treatment whether you use our MONEY or not.

## WAY AND HAIRGROVE SALE WELL ATTENDED

ANIMALS SELL RAPIDLY BEFORE CROWD OF BUYERS.

Big Poland Chinas Bring Fair Prices—Thirty-six Boars and Gilts Are Sold—Largest Hog in Morgan County on Exhibition.

The sale of large sized Poland China hogs by Way and Hairgrove was held Tuesday afternoon at the Hairgrove farm just west of the city. A large tent was erected near Grand avenue and the hogs were auctioned off from pens under this tent.

What is claimed to be the largest hog in Morgan county was on exhibition. This is a three year old boar, raised by Bert Way and weighs over 940 pounds.

The auctioneers were William Crum and Jed Cox. Clerk, Frank J. Hehl. There were thirty-six hogs sold and they brought an aggregate of \$881.00.

Each hog was numbered and sold in his turn. The buyers in this way could look over the animals in the pens and get his pedigree from his number before bidding on the animal. The sales were made as follows:

### Boars.

### BIRTH RECORD.

Born to Mr. and Mrs. Martin Cosgriff of Schaller, Iowa, Sunday, a seven pound son. Mrs. Cosgriff was formerly Miss Kathryn Sheehan of this community.

## ROOSEVELT TALKS

TO GREAT CROWD

Colonel Draws Thousands of Progressives When He Talks in Chicago in Behalf of Raymond Robins.

Chicago, Oct. 21.—Col. Roosevelt was in fine fettle and his audience was big and enthusiastic. He spoke nearly in the same spot where he had given formal acceptance of the leadership of the newly born Progressive party in 1912. The setting the crowd, the noise and circumstances generally brought out all the old time T. R. vigor, and it was a big night for the Chicago Progressives.

"I make my appeal in Illinois not merely to the Progressives," said Roosevelt, "but to all honest Republicans and honest Democrats to repudiate both the Sullivan and Sherman machines. This they can only do by electing to the United States senate as able and upright and genuine a popular representative as Illinois has ever sent to that body—namely: Raymond Robins."

### Robins Sees Privilege War.

"The forces of privilege and reaction," said Mr. Robins, "are fighting desperately to recover some of the ground which they have lost during the last half dozen years. They are fighting for Sullivan for senator because he typifies everything they stand for, and, moreover, because they entertain a belief that this is a Democratic year. If they believed it was a Republican year they would ignore Sullivan and yield their cash contributions to Sherman."

"One does not require the aid of an ear trumpet nor the illumination of an electric torch to ascertain what is going on under the surface of political activities. You have only to listen and observe to learn that the Deneen machine, which the people believed they crushed two years ago, is throwing the whole weight of its organization into the balance for Sullivan."

Sullivan's friends are boasting that this is the case. The Deneen followers are making no effort to cover their activities. They contend that they are repaying Sullivan for the support which he and his friends extended to Deneen in the last gubernatorial campaign."

(Paid for by Robins Nonpartisan Club.)

### CANADIANS SHOW PATRIOTISM.

Ottawa, Oct. 20.—The loyalty of Canadians to the mother country and their sympathy with the stricken European people are shown in all parts of the Dominion. Aid is pouring in, and all classes are contributing to the relief work.

Today the 50,000 bags of flour for Great Britain, the provincial gift of Manitoba, were completed. Eight mills worked on the consignment. The flour was forwarded in one huge lot today and will be put aboard the first vessel sailing for England.

The first shipment of clothing contributed by Canadians for the Belgians who were rendered destitute by the German invasion, is also on its way. Fully sixty tons of wearing apparel of all kinds and sizes was collected.

Home relief measures are not being overlooked, and many methods of raising funds to care for the families of Canadians who have gone to the front, have been tried out. Perhaps the most unique to date is that scheduled at Windsor, Ont., for tomorrow night when a big boxing match will be pulled off to aid the relief fund. The Windsor Athletic Club stages the bouts, and many local boxers have volunteered their services.

### PUBLIC SALE.

The Farmers' State Bank and Trust Company, Administrator of the Estate of Charles S. French, deceased, will hold a public sale of his personal effects at his late residence one half mile north of Chapin, at 1:30 p. m., Tuesday, October 27th.

Among other things to be sold are ten high grade jersey cows, with calves at side, or to be fresh soon; fifty head of young thrifty sheeps weighing about 80 pounds; one seven passenger "Packard" automobile good as new and one two passenger runabout in good condition.

These are but a few of the good things to be sold, for a fuller description see large bills. A credit of six months will be given.

### SCHOOL MASTERS PLAN SEMI-ANNUAL MEETING.

Two Hundred Pedagogues Will Go to Peoria Next Friday and Saturday.

The semi-annual meeting of the School Masters' club of Illinois, will be held in Peoria next Friday and Saturday. An attendance of fully 200 is anticipated. The gathering will open with a dinner at the Creve Coeur club to be followed by interesting papers. Saturday morning matters of interest to the school masters will be discussed.

Friday evening program; Creve Coeur club.

Banquet—7:30 o'clock.

Following is the program:

"The Expectancy of the American School Superintendent"—Dr. Lotus D. Coffman, University of Illinois.

"The Mobility of Superintendents"—Supt. J. O. Engleman, Decatur, Ill.

"Professional Training of Superintendents"—Supt. E. G. Bauman, Quincy, Ill.

"Superintendents as Supervisors"—Supt. J. F. Wiley, Mattoon, Ill.

Saturday morning program—9:00 o'clock, Council chamber, city hall.

"Supervised Study in the High School"—Prin. J. Stanley Brown, Joliet Township high school.

General discussion, Members of club.

G. P. Randle is president, M. L. Hodge, vice president, and E. A. Turner, secretary-treasurer.

## STATE ANTI-HOUSE THIEF CONVENTION TO OPEN TODAY

Business Session Will Not Be Open to Public—Two Hundred Delegates Expected.

The state meeting of the anti-house thief association of Illinois will convene in this city this morning at 10:30 o'clock in the I. O. O. F. temple, West State street.

Delegates will be in attendance from all parts of the state and the committee on arrangements believe that there will be between 150 and 200 visitors in Jacksonville for the sessions which are to continue through tomorrow.

The executive committee which has in charge the program and other preliminary matters includes J. S. Feinley of Griggsville, W. A. Lidgard of Chambersburg, and J. A. Moss of Jacksonville. President Derry of Springfield arrived in the city last night and John W. Clary, state secretary, is of course on the ground to welcome visitors.

This morning at 10:30 a welcome address will be delivered by Mayor George W. Davis and the response will be by J. W. Ensley of Springfield. Frank J. Hehl will also make an address at the morning session. No formal program has been arranged as the proceedings are for the most part of a secret character.

The anti-house thief association is an organization national in its scope and the primary object is the enforcement of law. Locally the association has done a great deal to put a stop to thievery of both small and large degree, and the membership is made up of many of the high class citizens of the county. In their work they cooperate with the associations in other counties of the state and also, if occasion arises, with the organizations in other states.

Olga Petrova in "Panthea" opened her season in Schenectady last Saturday under the Schubert management.

## SORE ERUPTION ALL OVER CHILD'S BODY

Started with Blisters. Itched So Could Not Sleep. Used Cuticura Soap and Ointment. In Three Weeks Was All Healed.

Route No. 3, Box 67, Little Falls, Minn.

"Our little boy was taken sick with a fever and after the fever he broke out with a sore eruption all over his body. We could get nothing to help him. The sores were large and red and bleeding. They started with blisters as if he were burned and when they broke they would bleed and they itched so that he could not sleep for some time. We had him all tied up with bandages and then we had to soak them off every day."

"We bought a cake of Cuticura Soap and a box of Cuticura Ointment which soon gave him relief. We used the Cuticura Soap to wash him with and used the Ointment afterwards and in about two weeks he was able to sit up. Now he is as well as can be for in three weeks he was all healed by the Cuticura Soap and Ointment." (Signed) George Walters, Jan. 20, 1914.

### Samples Free by Mail

(For red, rough, chapped and bleeding hands; itching, burning palms, and painful finger-ends with shapeless nails, a one-night Cuticura treatment works wonders. Soak hands, on retiring, in hot water and Cuticura Soap. Dry, anoint with Cuticura Ointment and wear soft bandages or old, loose gloves during the night. Although Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold by druggists and dealers everywhere, a sample of each with 32-p. Skin Book will be sent free upon request. Address postcard: "Cuticura, Dept. T, Boston.")

## Politeness.

I kicked an agent from my porch, but did it so politely, he handed me a ten-cent torch, and said I acted rightly. With bow and becks and wreathed smiles all working well together, I handed him some forty styles of alligator leather; and he felt honored when he hit the walk and rolled upon it, and gathered up his peddling kit, and went away, doggone it. And thus a smile will take the sting from each unpleasant action; instead of rousing ire, by jing, you're giving satisfaction. It's easy, friend, to make a foe—you'll make a new one hourly, if you insist on saying "No," abruptly, sternly, sourly. It's just as easy, when a guy comes round, your horse to borrow, to greet him with a twinkling eye, and answer, "To my sorrow, old Dobbin has a festered ear, and also yaller janders, and he has symptoms, to, I fear, of chickenpox and glanders. 'Twould please me to accommodate, and let you have my charger, if he were fit to pull his freight just ask me something larger." And then he'll leave you feeling good, and say you are a dandy; "I know he'd help me if he could," he'll tell his wife, Mirandy.

## What Kind Do You Use?

Cream of Tartar, the chief ingredient of Dr. Price's Cream Baking Powder is a product of ripe grapes. It is pure and healthful beyond question.

Alum is the chief ingredient of many of the substitutes offered in place of Dr. Price's Cream Baking Powder. Alum is a mineral acid, declared by physicians and chemists to have an injurious effect when used in the preparation of food.

No baking powders containing alum are permitted to be sold in England, France or Germany. To avoid alum and be sure of wholesome, home-baked food, read the label carefully and use only

**Dr. PRICE'S**

## DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

### "CASCARETS" CLEANSE

#### LIVER AND BOWELS

No More Headache, Bad Colds, Sour Stomach and Constipation.

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headache, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

### BAD BLOOD.

Hatred of the Nation for One Another.

This European war was born of the hatred caused by earlier warfare—it will engender other wars between the same nations in the future. The sons yet unborn will carry this hatred in their blood to blaze into warfare when the spark is touched by Kings or Statesmen who are yet in infancy.

It's bad blood that makes your liver sluggish and the same bad blood causes your stomach muscles to lose the elasticity and become flabby and weak and that means indigestion.

Dr. Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics, is not a secret remedy for all its ingredients are printed on wrapper.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver and bowels and kidneys and drive it from the system through the natural channels.

It will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will replace all the bad blood it drives out, with rich, pure blood full of vital force. It will furnish you with the kind of blood that increases energy and ambition, that puts the entire body in such perfect physical condition that brain or muscles know no fatigue.

It will clear the skin; eczema, pimples, rash, blotches will dry up and disappear; boils, carbuncles and other evidences of tainted blood will pass away never to appear again.

Get Dr. Pierce's Golden Medical Discovery at any medicine dealer today, in either liquid or tablet form as you prefer. It's the one great blood maker and purifier that all weak or run down people ought to start to use at once. If you want good blood, good health and clear skin, get a supply today.

## AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures Dull Headache.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet fragrant balm dissolves by the heat

### MARKET LETTERS

#### LIVE STOCK MARKET.

Union Stock Yards, Chicago, Ill., October 19, 1914.

Oliver S. Green, with Walter Bros. Union Stock Yards, Chicago, reports the estimated receipts for Monday, Oct. 19th, 1914: 30,000 cattle; 36,000 hogs; 38,000 sheep. Over 8,000 of the receipts of cattle today were western ranchers. Very little was done in the cattle market until the noon hour and there were acres of trashy stock from the native pastures as well as from the range districts. While a few of the prime cattle sold only a shade lower, and with one load of fancy Angus averaging 1312 pounds at fully steady, that sold at \$10.95 and only a few lots of the medium to heavy weights at \$10.50 to \$10.85. The bulk of the cattle sold from 15 to 25c lower and some of the fairly good cattle were 25c lower.

Butcher stock was 10 to 15c lower. Canners and cutters 10 to 15c lower. Veal calves generally 25c lower. Stockers and feeders slow and 10 to 25c lower.

The hog market was mostly 25c lower and some 30 to 35c lower than early Saturday. The heavy showed least and light the most decline. Many were left over unsold. Light hogs 75 to 90c below a week ago, while heavy packers only 15 to 25c lower. The run was the largest since June.

Live mutton supply was moderate. Quality average low, only a small proportion of fat lambs. Most classes sell slow. The close showed strength on the good to choice kinds. Matured muttons in fair supply. Fed westerns reaching \$8.60.

Kansas City again had about 30,000 cattle and Argentine had over 12,000 quarters of beef last week to market. We quote native beef cattle choice to prime heavy beefs 9.75 to 10.35. Good to choice corn fed 9.15 to 9.65. Medium to good steers 8.40 to 9.10. Plain to medium warmed ups 8 to 8.35. Common to plain steers 7.25 to 7.90. Inferior to rough steers 6.35 to 7.15. Good to prime yearlings 9.25 to 10.65. Fair to good yearlings 8.75 to 9.25. Medium to common yearlings 8 to 8.75. Late western rancher cattle called 900 to 1000, and the largest of the season, and the bulk were on the plain and common order, and it was 10 to 15c lower sale, and some 15 to 25c lower noted, and one load of heavy fat ranchers 8.90, but it was mostly 7.00 to 7.65, while only a few clearing up to 8.25 and above. Range feeders 6.25 to 6.75. The stock from the range 10 to 15c lower. Native butcher stock was 15 to 25c lower.

Canners and cutters but only a little lower. Bull prices steady. Calves mostly 50c lower. Fat calves 5.00 to 7.25. Canners 4.50 to 5.25. Canners and cutters 3.50 to 4.90. Heavy calves to good yearlings 4.70 to 10.25. Choice to prime yearlings 10.50 to 11c. Inferior stockers to good feeders 5.25 to 7.25. Good to choice 7.40 to 7.65. 7.25 to 7.40 took the bulk of the good feeders, some of them of the fleshy kind that were quotable up to 7.70 to 8.10.

Hog market—Selected packing and shipping 7.20 to 7.85. Light weights 7.15 to 7.75. Rough heavy packing 6.50 to 6.80. Poor to good heavy packing 6.85 to 7.15. Butchers 7.40 to 7.65. Mixed packing 7 to 7.25. Pigs and throughputs 2.75 to 7.50.

Sheep and yearlings—Native ewes 3 to 5.00. Native yearlings 6 to 6.50. Native wethers 5.50 to 6c. Montana ewes bringing 5.50 to 5.65. Bucks 3.75 to 4c. Goats 3.15 to 4.75. Native lambs 5 to 7.75. Montana feeding lambs 6.85 to 7.10. 400 Montana lambs averaging 70 pounds at 7.45.

### NATIONAL STOCK YARDS MARKET REPORT

National Stock Yards, Ill.,

October 19, 1914.

Blakely-Sanders-Mann Co. report: With a liberal run of hogs both here and at other points values were lower again today, the decline on most of the hogs being 20 to 25c, pigs in places showed even more than this. Top was 7.70, most of the good hogs brought 7.50 to 7.65; light to good mixed 7.10 to 7.45; rough packers 6.75 to 7c; good class of pigs 6.75 to 7c, some of the commoner kinds less. Clearance was only fair, and with a fair supply tomorrow believe the market will be still lower.

Cattle receipts today were 13,000, 225 loads of natives and 150 southern. Receipts were heavy at all other points today, Kansas City having 31,000; Omaha 16,000; St. Joseph 4500; St. Paul 9,000 and Chicago 30,000, which is the heaviest run they have had this season and na-

turally the buyers had everything their own way. There were very few good steer cattle on sale and absolutely no choice ones, one drove of pretty good cattle sold at 9.75, which looked like they were 15c lower. The trade in general on steers was 15 to 25c lower and the bulk of the offerings were only fair to medium fleshed cattle. The yearling steers and light weight butcher stuff was 10 to 15c lower, while the medium grades of heifers were very little changed from last week's mean close, but were bad enough. The cow trade generally 15 to 25c lower all the way, through from canners up to pretty fat grass cows which are bringing 5c to 6.25; right decent kinds around 5c to 5.50; canners are going largely at 4.25. Stocker and feeder receipts entirely too heavy for the demand from the country here today and what few sold were 15 to 25c lower, it was hard to interest any of the local buyers. Nothing will improve values in cattle now unless receipts get lighter.

Don't lay awake tonight struggling for breath, with head stuffed; blowing Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

### KANSAS CITY MARKETS.

Kansas City Stock yards, Oct. 19, 1914.—The stocker and feeder market continues uneven, with a lower tendency, but money appeared easier last week than heretofore, and there is a good attendance of buyers here today. Kansas is the heaviest buyer now, that state taking one half of the 35,500 cattle that went to the country from here last week. Missouri came next, with purchases of 7000 head. Illinois and Iowa about 4000 each. Most of these cattle were bought under \$7, and a world of medium to plain steers under \$6.50. The run today is 32,000 cattle, not including 4000 calves received. The Texas panhandle and New Mexico are heavy contributors today, with Oklahoma and Colorado next in order, Kansas and Missouri running rather light. A result of money scarcity this fall is the appearance on the market of some fancy bred range offerings that formerly sold on the range. The yearlings from Texas have been selling here recently at \$8.25 and \$8.35, weighing around 625 lbs. Today a string of fancy New Mexico yearlings, 647 lbs. av., sold to Missouri men at \$8.40, and a drove of 2000 head of near thoroughbred hereford heifer yearlings from Texas, 425 lbs. av., at \$8.65, to Illinois men. But there is even a larger percentage of plain and common cattle here today, brought in by maturing loans, which are selling well worth the money. Plenty of cheap winter feed is reported from all sections, and it is predicted that a strong demand for stockers and feeders will be uncovered from week to week in the winter. It is now figured that there will be another big week after this week in cattle receipts from the range country, the run beginning to drop immediately after November 1st.—J. A. Rickart, Market Correspondent.

Philadelphia, Oct. 20.—Final arguments in the suit of the United States government to dissolve the United States Steel Corporation, were heard in the Federal Court here today.

Maude Adams' tour in "The Legend of Monna Lisa" will take her through to the Pacific Coast this winter.

Franklin S. Catlin.

Franklin S. Catlin of Chicago, candidate for clerk of the appellate court, First district of Illinois, was born in Chicago September 16, 1876, and educated in the public schools, Chicago Manual Training school and Northwestern university. He served two terms as Republican representative from the Thirty-first senatorial district. The Legislative Voters' league made the following reports as to his record:

"1912—Has served one term in the house, taking rank as one of the most fearless and aggressive friends of fair play and good government. Such men as he are needed in the legislature."

"1914—Ending his second term. Honest, aggressive and high-minded. An able representative of whom his constituency should be proud."

Bryan and Sullivan.

Roger Sullivan was the director-in-chief of the celebrated Democratic convention in Springfield in 1904. William J. Bryan later opposed the seating of Mr. Sullivan's delegation in the national Democratic convention at St. Louis. Mr. Bryan attacked the Springfield gathering and declared it a "train-rover convention." Mr. Bryan is not now speaking against Mr. Sullivan, but the Bryan cohorts throughout the state are opposing him. They have not forgotten their leader's characterization of the Chicago biscuit manufacturer and his followers.

## TAFT ADDRESSES BAR ASSOCIATION

DECLARES U. S. SHOULD TAKE LESSON FROM EUROPEAN CONFLICT.

Speaker Says Nation Should Fulfill Treaty Obligations to the Letter. Should Also Maintain Strict Neutrality With Warring Countries.

[Washington, Oct. 20.—The United States should draw from the European war a lesson regarding its own conduct, said Ex-President William H. Taft in an address here today before the American Bar Association. In discussing the charges of violation of treaties by European nations, Mr. Taft said that this country should put itself in such a position that it could admit to the letter the obligations imposed by its treaties, and he recommended legislation to that end.

In his address, delivered as president of the American Bar association, Mr. Taft also said that the progressive party was departing from "the preposterous nostrum" of the recall of judicial decisions because it apparently had become a burden to the party.

In speaking of the European war, Mr. Taft said that President Wilson should have the warmest approval and sincerest co-operation in his efforts to maintain the strict neutrality of this country. "We are the principal nation," he continued, "and I might say almost the only nation, of the Christian world not so related to the struggle that both sides may really regard us as disinterested friends. It is our highest duty and president makes plain his appreciation of this not to sacrifice and destroy this great leverage for successful mediation, when the opportunity arises, by ill-advised and premature judgments upon the merits. We must hold our tongues to be useful to mankind."

Concerning this country's obligations under its treaties Mr. Taft said:

"And now that we are discussing compliance with treaties and the effect of treaties of arbitration and of peace upon the chances of war, is it not a good time for us to clean our own house and to put ourselves in a position where we can fulfill to the letter every treaty we have entered into? We have made many treaties of friendship and peace—indeed, treaties with all the world—in which we have assured to aliens, subjects or citizens of the other party to the treaty, resident within our borders, due process of law in protection of life, liberty and property. But we now withhold, however, from the same authority that makes the treaty the power to fulfill its obligations. A statute of a dozen lines would put it into the power of the president to institute judicial proceedings, civil and criminal, in courts of the United States to punish a violation of the treaty rights of aliens and enable him to use the civil and military executive arm of the government to protect against their threatened invasion. In our past experience we realize that mob violence committed through race prejudice against aliens will never be punished by state authority, and there is nothing that a high-strung people—and it is peoples now who largely control the matter of war and peace—resent so much as the mistreatment of their fellow countrymen living under the flag of a foreign government that has stipulated and pledged its honor to give them protection."

The speaker denied that the granting to the president of such powers as he outlined would be unconstitutional.

Mr. Taft said there were indications that there had been a distinct falling off in support of the proposals for recall of judges and judicial decisions. These proposals, he said, were incorporated in the platform of the progressive party, whose leader "felt called upon to declare that they were the rock upon which it was founded."

"It would appear," Mr. Taft continued, "that the party which favored these proposals now finds that instead of being the rock upon which it is founded it is, to change the metaphor, the rock on which it founders. Certainly it seems wise to its leaders to ignore this part of their original propaganda, an indication that it has ceased to be vote-getting and indeed has become a burden to a party that assumes to press it."

Turning to the anti-trust legislation of the Wilson administration, Mr. Taft analyzed the trade commission act and the Clayton act.

"Insofar as the field of general interstate trade is within the practical range of supervision and regulation," he said, "the machinery adopted, it seems to me, is as effective as any could be. With one minor exception," he added, "the field of legal and criminal effort in respect to restraints of interstate commerce is not enlarged under the new act," which he characterized as in many respects merely declaratory of existing law.

### FEW AUTOS ON ROADS.

Few automobiles are to be seen on the roads now, as the almost incessant rains of last week, made the highways nearly impassable for autos. The clear weather of the past few days is causing the roads to dry rapidly and with a little dragging they should be in first class condition in a short time. The roads between this city and Louisville are being dragged and that they are in good condition is evidenced by the fact that several Louisville cars were in Jacksonville Tuesday.

Three hundred roles is the record of Katherine Grey since she became a star.

# WAGON SALE!

## Saturday, Oct. 24

Commencing at 2 O'clock P. M.

Having an Overstock of

## Studebaker Wagons

which we do not care to carry through another year we will offer them for sale on the above date. This will be the greatest opportunity you will ever have to buy a world-celebrated wagon at your own price. If you are in the market come early, for

They Won't Last Long!

Terms Made Known on Day of Sale.

Corner Sandy and North Streets.

NORTH DAKOTA TO CELEBRATE ANNIVERSARY  
Has Rounded Out 25 Years Since Admission to the Union.

Bismarck, N. D., Oct. 20.—North Dakota is today celebrating its twenty-fifth birthday as a state. Rounding out its first quarter-century, the natives point with pride to its progress which is not surpassed by any state in the union. From a handful of earnest, industrious pioneers to more than 600,000 population, from the poverty of the early settler to the wealth that abounds throughout the state, is an achievement that is being celebrated today.

Bismarck celebrated with a big parade, which formed this afternoon at the armory under Major Steedman, U. S. A., and marched to the state capital, where exercises were held. Governor L. B. Hanna presided and addressed the meeting. Judge B. F. Spaulding of the state supreme court was the orator of the day.

Tonight a huge banquet will be served, Hon. R. N. Stevens serving as toastmaster. The speakers tonight will be men prominent in all walks of life in the state.

Judge Spaulding spoke of the outlook for North Dakota, and declared its prosperity was bound to increase as the years roll on, for its soil has been only scratched and still teems with latent resources.

**TWELVE OFFICERS KILLED.**  
London, Oct. 19, 9:05 p. m.—A casualty list dated October 15 and made public here tonight gives twelve officers as having been killed and forty wounded in the recent fighting.

**CLEANSSES YOUR HAIR.**  
MAKES IT BEAUTIFUL.

It Becomes Thick, Wavy, Lustrous And All Dandruff Disappears.

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—adv.

## THE Keeley Treatment

Thirty-fifth Year  
For Liquor and Drug Users

We permanently remove the craving for Liquor and Drugs in all cases and at the same time improve the physical and mental condition.

We have no rivals as far as successful treatment is concerned. Our methods are humane and scientific; no sickness, "knock-out" or bad after effects.

Our charges are reasonable. All our business, including correspondence, is strictly confidential.

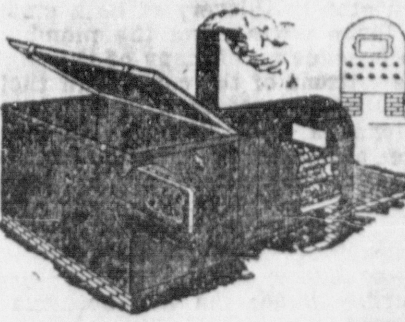

We have Home Remedies for Tobacco Using and Nervousness.

Write for free illustrated booklet which will be sent in sealed envelope.

**THE KEELEY INSTITUTE, Dwight, Illinois**

Chicago Office, 906 Rector Bldg., 79 W. Monroe St., Tel. Central 3255

## Cattle Feeders

Pat. Applied for 100 bu. size.

Wood's Improved Grain Softener

will add 50 to 100 per cent to your corn. In order to prove this claim, and on account of our failures with pure shelled corn, as it gave our stock acute indigestion,

we will go anywhere and feed a car-load or more, on conditions that five or more prominent cattle feeders will obligate themselves to buy one when good results are proven. We also guarantee to feed the same amount of hogs on the broth drawn from the corn made into a slop for them. Yours for producing more beef and pork.

## EAT GUNS BEING BUILT BY KRUPPS

LY-SIX THOUSAND MEN BUSY DAY AND NIGHT ON WAR MATERIALS.

ish Racing Stables Rich War Wizes—Business Conditions in France Show Improvement.

ie Hague, Oct. 20.—(Correspondence of The Associated Press.)—The rumors that the Krupps at Essen are building 56-centimeter guns, has now been added her—the claim that the same is turning out 56-centimeter guns. While it is hard to believe it must be borne in mind that the place of 42-centimeter guns, of which was doubted being the reality, has become a coming reality, as has also the 30.5-centimeter piece, which even after the outbreak of war was looked upon as the one of a very interesting fable.

It is sure a 30.5 centimeter (12-inch) gun was not in its novelty. But that the Aussies would be able to make such mobile for field purposes was right out of the question. The process of reasoning was applied to the German 42-centimeter 2.2 inch gun. A mathematical calculation of cause and effect, in this case, the ability of steel to withstand the shock of the propelling action, and the weight which such machine of destruction would lead to the conclusion that a 12 inch gun while possible to be transported easily to permit its use in the field. It is shown that the German 42-centimeter weighs about 26 tons, transportation difficulties have been largely with the aid of motor and other devices.

Transportation Not a Problem. The increase in weight of a centimeter, or 22-inch gun over 2-centimeter gun would not be great, and since the increase in centimeter or 23-1-2 inch gun a 22-inch would be an all negligible quantity, the existence of such pieces need not be noted in this respect. If it is possible to move over ordinary roads across soft fields a 26-ton piece, not unreasonable to expect that in weighing 25 tons would offer new transportation problems. The one of increase in motive power instead of new aspects in transportation.

Attention need be paid to popular rumors making the rounds in many that the new pieces are designed to bombard the English from the coast of France. The same flight of the 16 1-2 inch has recently been given as at 12 kilometers for the "Krupps" or high trajectory pieces, and kilometers for those having a flatter course. Since the increase in range from 16 1-2 to 23 1-2 does necessarily mean a proportionate thinning of range, it is not at all likely that the English coast cities of Calais and other channel will make the acquaintance of "Brummers" as the Germans come to call their large siege guns.

The 56-cm and 60-cm pieces, which they actually exist would find uses, and these, as more or less well-informed circles here, would consist of aiming some base on the channel which the Germans hope to establish during course of this war. It is maintained that Calais has been decided as the best locality for such a base, and that the great activity in Krupp works is in a measure due to this.

There is an authentic report that this establishment over 46,000 are busy day and night turning war material. While a large percentage of this force must be employed in supplying current demands of ammunition for the field pieces replacing losses in this arm, it is only reasonable to assume that a huge force should in part be employed in the making of new and better "Brummers." That the works turning out new additions to the arm equipment is known, for only a few days ago six pieces of this size were taken to the vicinity ofwerp.

The French Guns. It is of some interest to know what the French oppose these pieces. According to an article in the Berliner Lokal Anzeiger of September 28th, the French a 27-cm mortar—smaller than an Austrian mortar piece—and a millimeter and 150-millimeter trajectory gun. In addition there is a 138-millimeter gun of old pattern. To facilitate comparison, the Austrian, French and German equipments are given in a table of millimeters: Austrian motor-battery piece, 305-millimeters, calibre. German siege mortars and howitzers, 420 millimeters. French mortar 270 millimeters. French flat trajectory piece, heavy millimeters. French flat trajectory piece, light, 120 millimeters. French fortress piece, old type, millimeters.

German piece said to be in course of manufacture, 560 millimeters. German piece said to be in course of manufacture, 600 millimeters. As already stated, the 56-cm and 60-cm pieces of the Germans have been proved to exist, but the rumors concerning them are too persistent to be ignored, especially in it is remembered that even the 56-cm piece was looked upon as a fable until it was brought into actual use at Liege and other points. Between the French mortar of 27-cm calibre and the German 42-cm piece, while between the 138-cm and 56-cm gun and the original 56-cm gun there is one of only 14 centimeters. It must be admitted

GAL 2—HAGUE DATE LINE ... that in view of these proportions even a 60-cm gun seems possible enough. But whether or not the Germans are actually building such a piece has for the time being no bearing on the fact that their heavy artillery has been a surprise to the armies of the allies and that a few additional caliber inches must be to the Krupp works merely a matter of mechanical detail in view of what was achieved in the building of the 42-cm "Brunner."

English Racing Stables Seized. London, Oct. 20.—(Correspondence of The Associated Press.)—Next to the German ships seized by the government since the outbreak of the war probably the most valuable prizes of war are the racing stables in England formerly belonging to Germans and Austrians but now the property of the Board of Agriculture and Fisheries. Shortly after the war broke out a London paper published a list of horses owned by Germans and Austrians and racing under their colors on English tracks. Acting on this hint and profiting by an old act which allows private informers to claim a share of the sale proceeds, a number of citizens brought actions and horses valued at half a million dollars were seized.

Among the horses seized were the stable belonging to Baron Springer and managed by the veteran trainer Butters of Newmarket. In this stable are Adular and Aides, bred by the Hungarian government stud and lent to Baron Springer for racing purposes only. Adular, valued at a hundred thousand dollars, has not yet been advertised for sale but Aides and Boland, another member of the same stable will soon be sold at auction at Newmarket.

Protest Against Sweat Shop Labor. London, Oct. 20.—(Correspondence of The Associated Press.)—Charges that the army is being clothed by sweatshop labor have been lodged with the war department by the Amalgamated Society of Tailors and Tailoresses.

In one factory in Woolwich women are paid less than two shillings a dozen for army vests. At Plymouth, the workers get only 18 pence—36 cents—for making a complete uniform. In contrast to these private sweatshops handling government contracts are the workshops maintained by the American Women's War Relief and other societies, designed to give employment to women suffering through the war. These pay union wages with a minimum of three pence an hour.

Business Better in France. Paris, Oct. 20.—(Correspondence of The Associated Press.)—Business is unquestionably taking courage from the success of the allies in standing off the Germans on the Aisne. The French Chamber of Commerce announces a great improvement in transportation facilities and puts itself at the disposal of all branches of trade and commerce to secure such concessions from the civil and military governments as will assure supplies of raw material necessary and protect exports and imports in transit. Industries such as chocolate and candy making have suffered from scarcity of christened sugar.

The Germans seem to have been aware of the distress of these important industries, and have made a point of bombarding sugar mills throughout the territory occupied by them. The American Chamber of Commerce, as a result of a misunderstanding regarding the scope of its efforts to maintain business relations between France and the United States has been over-run by representatives of French houses who called with samples, supposing that, as some French papers announced, the Chamber was in actual possession of orders for 300,000,000 francs worth of goods. No such orders were ever in hand but the Chamber has done a great deal to bring French manufacturers and American importers together.

The two distinctive Parisian industries, dressmaking and millinery, are showing signs of improvement if not complete revival. Establishments specializing in mourning are particularly busy.

Many houses are getting models ready in anticipation of the trade of Americans still in Switzerland, some of whom have announced their intention in passing through Paris as soon as circumstances make the trip agreeable.

Many Surgical Operations. Paris, October 20.—(Correspondence of The Associated Press.)—The Journal Des Debats says that during the first month after the first arrival of wounded at the Vichy hospital, where the most important operations are performed, the average of the operations was 20 per day out of 8,000 cases treated. Of these six hundred operations no more than ten were amputations and among the ten were some of single fingers and parts of fingers only. Two legs, one arm and one wrist were all the serious amputations that proved necessary at this great hospital.

This very small proportion of amputations in comparison with wounded of preceding wars is accounted for, first by the difference in the effects of modern projectiles, which have not so much tendency to produce slivers of bone. The wound is more localized and cleaner cut than formerly. In the second place surgical science has progressed and wounds that would have formerly required the amputation of a member of forty years ago are now treated with a view to saving it.

In connection with the treatment of bullet and shrapnel wounds the Temps states that experiments made in a Lyons hospital have demonstrated that the German bullets are magnetic and are in many cases easily extracted by the application of a powerful magnet. In one case at the Desmetts hospital at Lyons a bullet was extracted from a depth of three and a half inches by an electric magnet powerful enough to lift a ton while its extraction would have been ex-

remely difficult by any other process. The magnet is also being used together with radiography to locate bullets, splinters of shells, etc., under the flesh, rendering immense services to the surgeons.

There is less sickness in the French army after two months on the battlefield than in time of peace due to the efficiency and preparedness of the military health service, according to Professor Edmond Deleorme, Medical Inspector-General of the army and a member of the Academy of Medicine.

Since the beginning of the war he has been on an official mission of inspection of field and other hospitals where the French wounded have been treated.

"He established in the first place," says the Figaro, "that sanitary conditions in our army are perfect. The wounded Frenchman is a healthy man. Sickness is exceptional. During this war the number of cases of sickness is less than in time of peace."

Complications from wounds cause the most serious trouble. They occur with surprising frequency and gravity, says Prof. Deleorme. They chiefly result in gaseous gangrene and tetanus. Injections of oxygenated water are efficacious in both cases, but for tetanus, injections of antitetanic serum are being used as a preventive. More than six hundred thousand doses of this serum have been turned over to the army health service by the Pasteur Institute since the beginning of the war. By this means it is expected that the lives of thousands of wounded will be saved.

Inquire Into Meat Exports. Sydney, Australia.—(Correspondence of The Associated Press.)—The government inquiry into the meat export business with particular reference to the activities of the American packing companies in Australia is still in progress. Justice Street, who is conducting it, after hearing a large number of witnesses in Queensland, where the Swifts of Chicago have established themselves under the name of the Australian Meat Export Company, is now hearing witnesses in this city.

The tenor of the testimony has been that the packers in the United States have more or less intimate relations with several firms in this state and in Queensland; that their arrangements with these firms are not of recent origin; and that there is not on the surface at least evidence to show that the packers are working the Australian field in collusion; and with the exception of the Swift Company the alleged members of the "beef trust" do not intend to set up plants in Australia at present.

The royal commissioner has had before him as a witness this week Sidney Kidman, known as the "cattle king" of Australia. He testified that the total area of crown leaseholds under his control was some 30,700,000 acres. He himself owned over 150,000 sheep and 250,000 cattle, and was interested in thousands upon other ranches than his own. In answer to the question put by the government's lawyer he said he was not in any way interested in any meat packing or meat selling company in the United States.

CHANCERY NOTICE. E. W. Crawford and W. A. Crawford, partners doing business under the firm name and style of Crawford Lumber Company, vs. Charles Patten, Joseph Fernandes, Manuel Fernandes and Antonio Fernandes. In Chancery.

Affidavit of the non-residence of Antonio Fernandes, one of the above named defendants, having been filed in the office of the clerk of said circuit court of Morgan county, notice is hereby given to the said Antonio Fernandes that the complainants filed their bill of complaint in said court on the chancery side thereof, on the third day of October, 1914, and that a summons thereupon issued out of said court against said defendants returnable on the first day of the next November term of said court, to-wit: on the ninth day of November, 1914, and that said suit is now pending in said court.

Now, unless you, the said Antonio Fernandes, shall personally be and appear before said circuit court of Morgan county on the first day of the next term thereof, to be held in Jacksonville, in said county, on the second Monday of November, 1914, and plead answer or demurrer to the said complainants' bill of complaint, the same, and the matters and things therein charged and stated, will be taken as confessed and a decree entered against you, according to the prayer of said bill. (Seal) Eugene D. Pyatt, Clerk of the Circuit Court of Morgan County, Illinois. Dated October 7, 1914. George L. Merrill, Complainants' Solicitor.

NOTICE OF SALE TO PAY DEBTS. Administrator's Sale. State of Illinois) ss County of Morgan)

In the County Court of said county. To the October Term, A. D. 1914. In probate.

In the matter of the application of The Farmers State Bank & Trust Co. as administrator of the estate of Alfred Wharton, deceased. Petitioner. vs. Wilhelmina Wharton, Minerva L. Wharton, Virginia Wharton, Felicia R. Wharton, Frederick W. Wharton, William W. Deutsch defendants. Order to sell real estate to pay debts.

Public notice is hereby given that, by virtue of a decretal order made and entered of record by said court, in the above entitled cause, on the 5th day of October, A. D. 1914, the said administrator will, at the hour of 2 o'clock p. m. on Monday the 2nd day of November, A. D. 1914, at the south door of the court house, in the City of Jacksonville, Morgan county, Illinois, offer for sale and sell at public vendue, to the highest bidder for cash, to pay the debts of said estate, all or so much of the said real estate as may be necessary to pay the debts now due from said estate and the costs of administration now

due and to accrue, the right, title, interest and estate which the said Alfred Wharton, deceased, had at the time of his death, in and to the following described real estate, situated in the county of Morgan and state of Illinois, to-wit:

Part of lot ten (10) in Church's Heirs' Addition to the town, now city of Jacksonville, described as, beginning at a point on the west line of said lot ten (10) one hundred seventeen (17) feet south of the northwest corner of said lot; thence running east two hundred (200) feet; thence running south eighty (80) feet; thence running west two hundred (200) feet to the west line of said lot, and thence running north along the west line of said lot, eighty (80) feet to the place of beginning.

The above described property will be sold free and clear of said Wilhelmina Wharton's life estate or interest therein.

No deed or deeds will be delivered to the purchaser or purchasers until said sale has been reported to and approved by said county court. Dated, October 6th, A. D. 1914. The Farmers State Bank & Trust Company, Administrator of the estate of Alfred Wharton, deceased. Wm. T. Wilson, attorney.

ADMINISTRATOR'S NOTICE. Estate of Milo L. Edson, deceased. The undersigned having been appointed Administratrix of the estate of Milo L. Edson, late of the County of Morgan and State of Illinois, hereby gives notice that she will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the December term, on the first Monday in December next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned. Dated this 8th day of October A. D. 1914. ANNIE M. B. EDSON, Administratrix.

S. S. CLASS REORGANIZED. The "Henotes" a Sunday school class of the First Baptist church, taught by Mrs. Percy Stephens has recently re-organized and has a membership of sixteen young ladies. The class holds out a cordial invitation to any young lady in the city who is not attending Sunday school to come and join the class. The officers follow:

President—Miss Bea Ellis. Vice-Pres.—Miss Louise Woods. Secretary—Miss Kathleen Marshall. Treasurer—Miss Mary Clampt. Americans may again see E. S. Willard, the English actor, who is considering a tour here in "The Silver King."

# WORLD'S MARKET NEWS

## WHEAT IS GIVEN DOWNWARD TURN

**MARKET CLOSES AT LOWEST POINT OF THE DAY**  
Chicago, Oct. 20.—Enlarged of-  
ferings from first hands gave the  
wheat market a downward turn.  
Prices closed weak, 1½¢ off.  
Corn lost ½¢ net and oats ½¢ to  
¾¢. There was an irregular  
finish in provisions ranging from 10¢  
decline to an advance of 1¢.  
After ten days almost continuous  
climb, the wheat market seemed to  
many dealers to be in a position  
where any bearish development  
would have unusual weight. In  
this connection, signs that the  
continued bulge in prices had induced  
rural holders in the northwest to ac-  
cept bids more freely proved suffi-  
cient reason to cause extensive profit  
taking here on the part of re-  
tailers. Notwithstanding that  
considerable rallying power was  
shown, especially after the first  
break in prices, the market closed  
at the lowest point of the day.  
Auspicious weather tended to  
keep down the price of corn. Traders  
were on the alert, however, for a  
possible renewal of export sales.  
Oats held up relatively better than  
other grain. Unabated call from  
the seaboard was chiefly responsi-  
ble.

## Experienced Women Advise Mother's Friend

Because it is so perfectly safe to use and has been of such great help to a host of expectant mothers, these women, experienced in this most happy period, advise the use of "Mother's Friend."

Applied externally to the abdominal muscles its purpose is to relieve the undue tension upon the cords and ligaments resulting from muscular expansion. Beneath the surface is a network of fine nerve threads and the gentle, soothing embrocation, "Mother's Friend," is designed to so lubricate the muscular fibres as to avoid the unnecessary and continuous nagging upon this myriad of nerves. It is a reflex action.

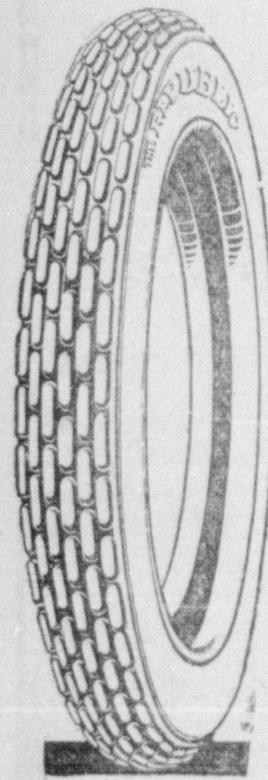

Applied to the breasts it affords the proper massage to prevent caking.

Thousands of women have reason to believe in this splendid help under the trying ordeal of motherhood. Their letters are eloquent evidence of its great value to women. In use for many years it has come to be a standard remedy for the purpose.

There is scarcely a well-stocked drug store anywhere but what you can easily obtain a bottle of "Mother's Friend" and in nearly every town and village is a grandma who herself used it in earlier years. Expectant mothers are urged to try this splendid assistant to ease, comfort and safety.

Mother's Friend is prepared by Bradfield Regulator Co., 333 E. 12th St., Atlanta, Ga. Send for our little book. It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

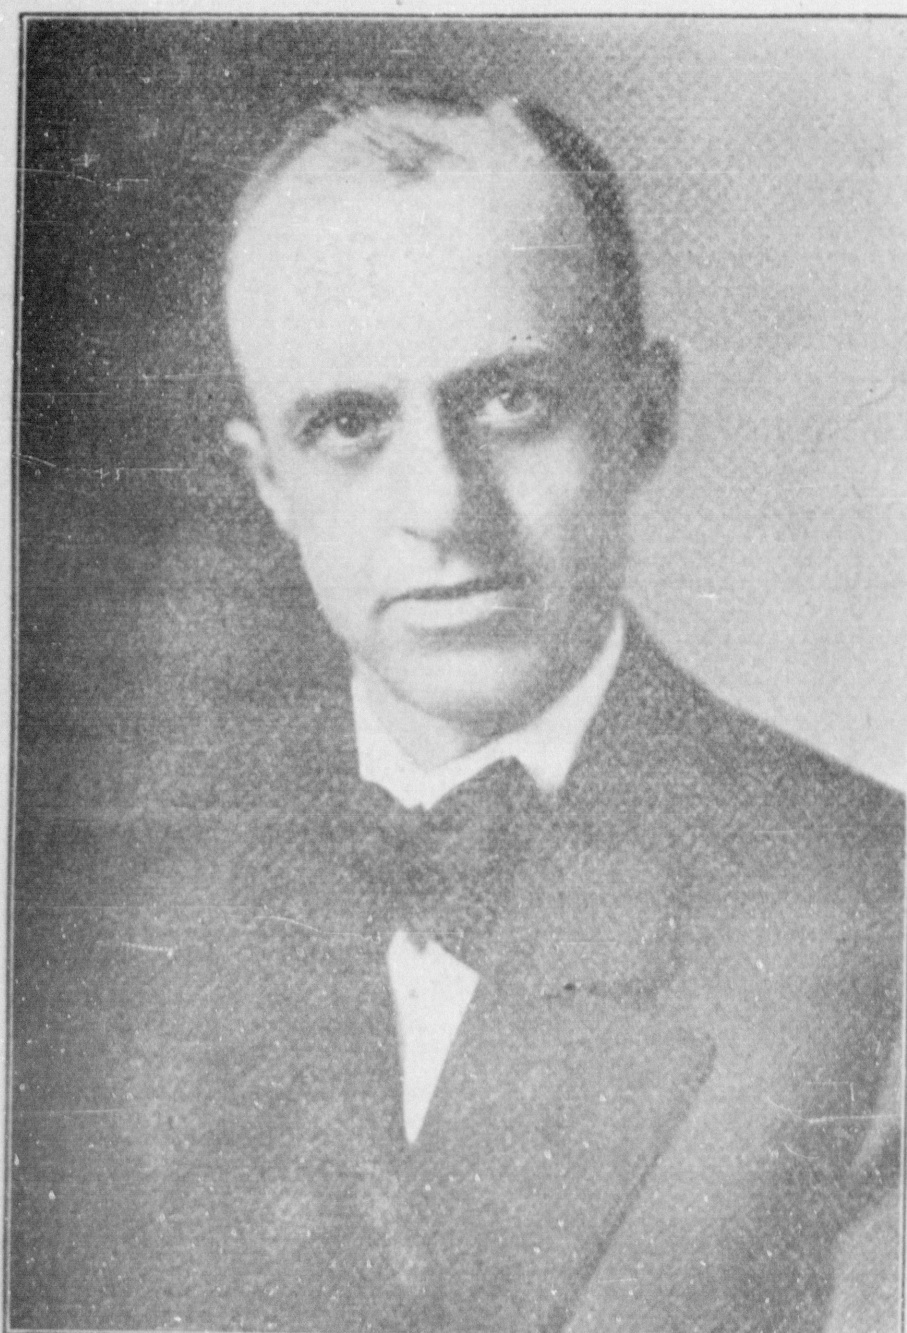

## Vulcanizing

We want you to ask auto owners who have patronized us about the kind of work we do. They'll tell you every job stands strain and travel just like new. A trial will prove.

Mrs. Clara Crouse of Chicago and daughter, Mrs. Marie Rowland of St. Louis spent last week with relatives here.

Mrs. Terry Neal and Mrs. Thomas McCarty were Manchester visitors Monday.

Mr. and Mrs. W. A. Wesner attended the entertainment given by the Short family at Manchester Saturday evening, while there were entertained by Mrs. Margaret Wyatt. Samuel Story and Carl Rouse returned home Saturday from North Dakota.

A rally day service will be held in the M. E. church next Sunday morning at 11 o'clock. A special program is being prepared.

Chas. Blakeman of Springfield Sundayed with home folks.

Edward Newman and family of near Woodson Sundayed with Mrs. Newman's parents, Joseph McCabo and family.

### MORE WOUNDED MEXICANS.

Douglas, Ariz., Oct. 19.—Forty-eight more wounded Mexicans from the Naco, Sonora, siege were brought here tonight. This makes a total of 94 patients in the temporary hospital maintained by the Carranza government.

### PRENTICE.

Mrs. J. H. Hubbs was a business visitor in Jacksonville Friday.

Geo. Holmes of Kirksville, Mo., made a brief visit with home folks, and returned home with his wife Monday night.

Quite a number from this community attended the Judy sale at Tallula, Thursday.

Mrs. Walter Hardy was shopping in Jacksonville Friday.

Bennie, the Watkins' man, passed through our town last week. Most of the farmers are through sowing wheat, while others were delayed by a most welcome rain.

Our rural mail carrier made a brief visit with friends and relatives in Jacksonville the last of the week.

Mike Cashion and family spent Saturday and Sunday with Mrs. Cashion's parents, Mr. and Mrs. James Decker, south of Sinclair.

Mrs. Lizzie Baxter, who has been visiting her father, Charles Davis, recently returned to her home in Joliet, she was accompanied by Miss Marie Cashion, who expects to spend the winter.

C. B. Williams, our former agent, is still in Colorado; we all miss "Bill" but are glad to hear he is improving in health.

T. R. McDaniel, our section boss, and his employees, seem much pleased over their new gasoline car.

Among the Jacksonville visitors Saturday were Mrs. Walter Creed, Mrs. S. E. Bingham, Miss Ash, S. C. Latham, John Baker, Dave Tignor and Joel Robinson.

A sad accident occurred at the farm of D. D. Robinson, four miles southeast of Prentice Thursday afternoon, when a horse, which Mr. Robinson was attempting to catch, kicked him. Dr. Taylor and Dr. Scott were immediately called, who did all possible to relieve his intense suffering. Friday morning Dr. Day of Jacksonville was called, and Mr. Robinson removed to the hospital, where he underwent an operation Friday noon, but all that could be done was in vain and he passed away Saturday about 4 a. m.

The home will miss an affectionate husband and father, the church a faithful member and the Sunday school a punctual superintendent. The sympathy of the community goes out to the bereaved family.

Mrs. Clara Johnson has been called home by the death of her father, D. B. Robinson.

Tyco Brown is very low.

"Uncle" Dave Travis is in a very serious condition.

The many friends of Carl Weakley are glad to hear, he has almost recovered.

Born, Saturday, October 17, 1914 to Mr. and Mrs. Frank Foster, a 10 pound daughter.

The Raleigh's medicine agent was through our town last week, good health to Prentice.

### PISGAH.

Otto Wood returned from the river Saturday night after spending a week there with a camping party.

Mr. and Mrs. John Barcus of Camargo, Ill. spent Wednesday and Thursday with relatives here.

Mrs. Carrie Crumb spent Thursday with Mrs. Roy Dyer.

Mrs. Otto Wood and son Glenn spent last week with her parents, Mr. and Mrs. A. J. Ferguson, near Alexander.

The Republicans held a meeting last Thursday night at the Science Hill school house, six of their candidates being present and speaking. Quite a crowd was present despite the threatening weather.

Roy and Ernest Dyer and Lawrence Mills were Jacksonville visitors Saturday.

The funeral of William Gross was held Saturday afternoon at Union church and interment was made at that cemetery.

Ernest Wood was in Jacksonville Saturday on business.

Mr. and Mrs. George Wood Jr. and family spent Saturday and Sunday with Mrs. Wood's parents, Mr. and Mrs. Tom Brooks.

### CHAPIN.

Mr. and Mrs. Fletcher of Bath autoed here recently.

C. E. Williams and daughter Bertie were Jacksonville shoppers last Thursday.

Riley and Charles Taylor and H. O. Smith attended the ball game at Bluffs Sunday.

Quite a number from this vicinity attended the lecture by H. H. Wood at the M. P. church in Chapin Sunday evening.

### DURBIN.

Misses Eula Story and Irene Oxley are visiting friends in Manchester.

Mrs. W. T. Craig will entertain the Asbury Ladies' Aid Thursday.

Mrs. Wm. Oxley has been spending a few days in Franklin visiting with her brother, Oliver Criswell, of Colorado.

Misses Lois and Hattie Scott were Waverly visitors Thursday.

Dawson Huston Cowgour of Jacksonville spent last week with relatives here.

We are all glad to learn of the improvement in the condition of little James Seymour, who has been so ill the past week.

Born to Mr. and Mrs. Grover Shepherd Sunday, Oct. 18, a son third child.

Born to Mr. and Mrs. Ross Seymour Wednesday, Oct. 7, a son, second child.

Miss Edna Hobbs of Whitehall, visited relatives here last week.

Chas. Darley and Leslie Cox have returned from the harvest fields of North Dakota.

Miss Rhoda Scott was elected president of the Franklin Homemakers' Scientific Circle at the last meeting of the club.

### HUGE APPLE CROP.

New York, Oct. 20.—Ten millions of barrels of apples over and above the available amount of last year, are this year thrown onto the market in the United States. Carefully compiled statistics give the yield of this country as 49,500,000 barrels in 1914, while last year's crop amounted to some 31,000,000 barrels. These figures are for the commercial crop and do not include the portion of the yield that is withheld in the farm communities.

In New England the range of prices is discouraging to the farmers, for the foreign demand, which consumed much of the New England yield, on account of its hardship in transportation, has dropped to practically nothing. A movement was started in Boston last week called "Buy a Barrel of Apples", on similar lines to the nation-wide effort to aid the cotton planters who found themselves with a bumper crop and no demand.

And now Eva Tanguay imports a musical comedy from Vienna. The title "Miss Tabasco" tells the story.

### ASBURY.

Asbury Ladies' Aid society will hold a pie social at the home of Mr. and Mrs. Charles W. Mason, Saturday evening, Oct. 31. Every lady is expected to bring a pie as the pies will be numbered, then sold and the lady will be weighed, the buyer paying one cent for every five pounds. All friends are cordially invited.

Misses Ella Trabue and Nettie Orear of Jacksonville, Mrs. William Ford of Greenfield, Mrs. James Wood of Pisgah, Mrs. Ira Blackford, Mrs. Massey and Misses Lilly Young and Agnes Taylor attended the Aid society meeting at the home of Mr. and Mrs. T. C. Reynolds last Thursday.

Miss Iva Green spent Saturday and Sunday with her sister, Miss Hazel Green in Woodson.

Mr. and Mrs. William Ford returned to their home in Greenfield Saturday after a visit with relatives here.

Mr. and Mrs. Carl Hembrough were Sunday guests of Mr. and Mrs. C. N. Priest on West College avenue, in Jacksonville.

Miss Nellie Hembrough spent last week with her friend, Miss Hershaw in the city.

### YOUNG BLOOD PRAIRIE.

Rev. Hudson filled Rev. March's appointment here at the Baptist church Saturday and Sunday. Rev. March being engaged at a meeting at Murrayville.

Carson Dalton and family of Union Grove, Clarence Dalton and wife and Wm. Casey and wife spent Sunday at Green Dalton's.

John W. Casey and family of Union Grove visited Sunday with Mr. Casey's parents, Mr. and Mrs. John F. Casey and family.

Mr. and Mrs. Leonard Dalton spent Sunday with Robert Myers and family of Rees.

H. H. McCann spent Friday with his daughter, Mrs. F. T. Myers and family at Rees.

A rousing meeting of the Republican candidates of the county was held at Nortonville Wednesday.

### DAVIS SWITCH.

Services will be held every night this week at the Presbyterian church in Woodson, conducted by Rev. J. L. Coleman and Dr. G. W. Miller. Everybody is invited to attend.

J. H. Devore, who was called to Hutchinson, Kas., on account of the illness of his mother, has written that she is improving which will be welcome news to her many Morgan county friends.

Thomas Young is among the sick. Mr. and Mrs. Lloyd Magill of Sinclair and Mrs. Isaac Watson were Sunday visitors at the home of Len Watson and family near Cross Roads.

Among those shopping in the city Saturday were Mr. and Mrs. Warren Watt, Irvin Watt and mother, Mrs. Porter Bell, Mr. and Mrs. Otto Grimmett, Z. M. Barnhart, Charles Thies, John Stark and Walter Carter.

Mrs. Crotty and daughter Marie spent Monday afternoon with Mrs. Leach.

Miss Irene Wouff was visiting with friends in the city Saturday.

Mrs. C. C. Self entertained the Unity Workers of the Presbyterian church of Woodson and the Ladies' Aid society of the Christian church of Woodson at her pleasant home east of Woodson. A delightful time was spent and refreshments were served. The hostess was assisted by Mrs. John Lewis, Mrs. Carl Hembrough, Miss Minnie Green, Mrs. Seymour and Mrs. Joseph Self.

Marie Tempest has begun her American tour, beginning in Canada.

# 100% DIVIDENDS In Fuel Saved Each Winter!

How to get more for your money.  
That's the rub.

There are ways and ways to economize. Some do without; some buy inferior articles.

Others make a better use of the money they spend.

And that is the kind of economy we want to talk about.

Did you ever figure out how much your heat cost you?

Do you know that 95 per cent of the ordinary heating stoves utilize only *half* of the heat that is in the coal?

Do you realize what this *wasted half* costs you?

Utilize that lost half and you will make a *real saving* and get more heat in the bargain.

Every stove with numerous air leaking joints wastes more available heat than the stove originally cost. That waste is the gas portion of your coal and the heat that goes up the chimney in the ordinary stove. Save the gas—mix it properly with air—burn it and you develop an immense amount of otherwise wasted heat.

But it requires a stove of special construction. It must be a stove that is scientifically and mechanically perfect. It must be a stove that has no air leaks.

That stove is—

# Cole's Original Hot Blast Heater

The stove that absolutely controls your fire.

The stove that burns the gases wasted by other stoves.

The stove that radiates a constant and steady heat from either soft coal, hard coal or lignite.

The stove in which the fire is never out.

The stove that saves its cost in fuel each winter.

The stove that lets no gas or smoke escape into the room.

The stove that gives you every atom of heat that is in your coal.

In fact, the only stove that is absolutely efficient—perfect in construction—perfect in operation.

We sell it under a broad guarantee to do all these things.

COME IN AND SEE IT. YOU WILL BE DELIGHTED.

See the name "Cole's" on the feed door of each stove.

None genuine without it

Don't Fail to See the Cole High Oven Range

## WINCHESTER RESIDENT DIES AT PASSAVANT HOSPITAL TUESDAY

Mrs. Elizabeth Edwards Passes  
Away at 7:30 O'clock—Young  
Couple is Married—Other Win-  
chester Notes.

Mrs. Elizabeth Edwards passed away at Passavant hospital in Jacksonville Tuesday evening at 7:30 o'clock, following an operation. Although it was known by Mrs. Edwards' friends that her condition was serious, news of her death was received with a distinct shock.

Mrs. Edwards had been ill a week and Tuesday afternoon was taken to the Jacksonville hospital, where she underwent an operation. The deceased has been a resident of Winchester for a number of years and was a woman highly respected by a wide circle of friends. She is survived by a sister, Mrs. Mary Ruark, of Winchester, and a son who resides in St. Louis.

The remains were taken to the Gillham undertaking establishment and will be brought to Winchester this morning at 7:15 o'clock via the Wabash.

**Winchester Young People Marry.**  
The many friends of Ora Carlton and Miss Cecil Dyer will be surprised to learn of their marriage which took place Monday evening at 8 o'clock at the home of the bride's mother, Mrs. John Dyer. The ceremony was performed by Rev. E. G. Brewitt, pastor of the Winchester Christian church. The young people left for the south for a wedding trip and on their return will reside in Winchester.

**High School Seniors Picnic.**  
Members of the senior class of the Winchester High school enjoyed a picnic supper Tuesday evening in Frost's woods near Winchester. After enjoying a splendid supper the young people returned to town and attended the show at the Lyric.

**Will Address Winchester Women.**  
Mrs. A. L. Adams of Jacksonville will speak before the ladies of the Household Science club and invited guests at the Christian church at 2:30 o'clock this afternoon. Her subject will be "Civics."

**Among the Sick.**  
Mrs. Edward Coutas is ill at her home four miles east of the city.  
Mrs. Henry North is ill at her home in Winchester.

**Personal Mention.**  
Mrs. Grant Mader was visiting with friends in White Hall Monday.  
Miss Kate Ellis arrived from White Hall Monday night for a visit with relatives and friends.  
Mr. and Mrs. Fred Stehman, Jr., of Quincy are visiting with his parents, Mr. and Mrs. Fred Stehman, Sr.

### SOCIAL EVENTS.

Mrs. Henry W. English entertained a company of friends at cards Tuesday afternoon at her home, 326 south Diamond street, in honor of Mrs. Joseph Hall Hart of Cincinnati, Ohio, who is a guest of her sister, Mrs. W. T. Capps. The home was very prettily decorated for the occasion, white chrysanthemums being used in the parlor, pink in the library and in the dining room garden flowers and autumn foliage were used to pretty effect.

Mrs. B. W. Smith was awarded the prize at cards and the guest prize went to Mrs. Hart. At the close of a very delightful afternoon refreshments were served.

Mrs. H. W. Clendenin and daughter Miss Marie of Springfield, Mr. and Mrs. Thomas Harber and Mrs. Emma Corrington were dinner guests Tuesday evening of Mr. and Mrs. W. C. Ledford of West Lafayette avenue. The occasion was one of very great pleasure.

Miss Myrtle Sargent gave a miscellaneous rush at her home, 543 South West street, Monday evening, in honor of the Miss Maud Preston, who is soon to be married to Mr. Eugene Cassel of this city. The house was prettily decorated with autumn leaves and ferns.

The evening was spent with music and in playing games, the prizes being won by Miss Harriet Davis and Edythe Sargent. Some nice refreshments were served. The bride to be received many pretty and useful presents.

The Household Science club met Tuesday afternoon with Mrs. W. S. Camp, 914 West College avenue. The following papers were read: "Don'ts," Miss Eliza Hughes; "Home Decorations," Miss George Guthrie; "Supper Ideas," Mrs. E. S. Greenleaf. Suitable refreshments were served.

"Illinois Pure Food Laws" was the subject of an interesting paper read by Mrs. Ben Lorton before the East Side Tuesday club at their meeting with Mrs. Jas. W. Brown of Rount street. The hostess served some delightful refreshments. The club at their meeting with Mrs. Jas. W. Brown of Rount street. The hostess served some delightful refreshments.

Mrs. W. C. Bradish and Miss Byrns have issued invitations to an "At Home" to be given Oct. 24, at the residence of Mrs. Bradish, 1130 West College avenue. The hours are from 2 till 4.

**WILL SPEAK IN CHICAGO.**  
Washington, Oct. 20.—Secretary Houston of the agricultural department will go to Chicago October 26 to speak before the National Live Stock Association. He will then go into Northern Missouri to make political speeches October 27 and 28.

## HARD GAME EXPECTED AT HANDS OF SHURTLIFF TEAM

Coach Harmon Putting His Warriors Through Stiff Practice in Anticipation of the Contest Friday.

Indications point to a fast game on the Illinois field Friday when Coach Harmon's men line up against the Shurtliff eleven. The Alton men are working hard for the contest, realizing that if they are victors over Illinois men, that they will be among the top-notchers in honors, despite their defeat at the hands of Millikin last Saturday.

Two squads were out last night and the seeds of the team which goes to Carrollton Saturday had a scrimmage with the Eleven of the school for the Deaf. The High school was also in scrimmage with the varsity squad and all the teams had a good stiff workout. Coach Buland of the High school expects to take his team to Alton Saturday to play the High school of that city.

"Normal university," with the strongest varsity eleven in six years, would go through the season with a clean slate to Thanksgiving and if the teachers can down Lewis Muhls men on Turkey Day, Coach Russell will likely own the only college eleven in this conference that has not been defeated," so says the Booming Bulletin. Normal has to meet yet, Eureka, Bradley, Lincoln and Charleston. This could scarcely tell Normal's real strength as she will not meet Illinois College, William and Vashli nor Lombard, all of which are accounted strong this season. Illinois schedule from now on promises to be a hard one and will include games with Lombard, Millikin, William and Vashli and Wesleyan.

Lombard denies the report that James Mustain, who was injured in a football scrimmage was seriously hurt. Mustain was never unconscious and expects to be in the game again soon. The report reached Jacksonville that Mustain had died.

### MISSIONARY MEETINGS AT STATE STREET CHURCH

Program Arranged for Gathering  
October Twenty-Second.

The missionary society of the Presbyterian churches of Cass, Scott and Morgan counties will be held at State street church, Thursday, Oct. 22. A cordial welcome is extended to all denominations to attend the services. The program follows:

Devotional, led by—Mrs. T. P. Laning.  
Minutes of last meeting—Mrs. William Russell.  
Roll call of societies.  
Appointment of nominating committee.  
Hymn, "We Praise Thee, O God"—Miss Phillips.  
Luncheon.  
1:30 p. m.—Verses of scripture repeated by members.  
Prayer—Mrs. A. B. Morey.  
Solo—Miss Virginia Baptist.  
Address—Mrs. L. Best of Chesham, China.  
Solo, "Keep Sweet"—Miss Schibel.  
Address—Mrs. H. F. Carriel.  
Reading, "When Hannah Was 8 Years Old"—Anna Stevenson.  
Solo, "Palms of Peace"—Miss Katherine Barr.  
Address—Mrs. Brainerd.  
Report of nominating committee.  
Offering.  
Hymn—"God Be With You Till We Meet Again."  
Benediction.

### MATINEE TODAY.

Don't miss the matinee at the Driving Park today. Twenty entries and a good program.

### WITH THE SICK.

Mrs. W. J. Watt is reported ill at her home in Woodson.  
Bert Taylor, who is connected with the U. I. Hale Coal Co., is reported very ill.  
Otis Hoffman, who was taken ill last Wednesday at the home of his brother-in-law, Clarence Simms, was removed yesterday to his own home, 510 North Prairie street. He is suffering with typhoid-pneumonia.  
J. O. Priest who is at Passavant hospital showed no signs of improvement yesterday and his condition is such as to occasion alarm to his relatives.

For best results try Claus' famous coffee.

### TWO SMALL FIRES.

Tuesday night about 11:45 o'clock fire was discovered in the straw shed at the rear of the fire department. The blaze was extinguished before much damage resulted. No sooner had the men taken the hose up from the first fire than an alarm was received from the residence of Mrs. Lillian Vessor on Broadway. The flames were extinguished with the chemical.

### AUTOMOBILE VISITORS.

Among the automobile visitors in the city Tuesday, who made the trip in their Mitchell cars were: Charles Gibbs of Lynville, William Reynolds of Woodson, Grover Grimsley of Franklin and Edwin Gibson of Lynville.

### PROBATE COURT.

Estate of Mrs. Mary J. McKee, deceased; inventory approved.  
Estate of Mary C. Turner; oral motion of discharge of administrator allowed, estate declared closed.  
In the matter of the adoption of Eugene F. Krear, consent of both parents to certificate of adoption recorded and child adopted by Emmet K. and Emma Stevenson.

### PARENT-TEACHER'S MEETING.

The Parent-Teacher's association of the 2nd ward will meet at the school building this afternoon at 7:30. Miss Olmsted will talk on the open air school. The public is invited to the meeting.

## C. J. DEPPE & COMPANY

Known for Ready to Wear at Popular Prices

## The Test of Father Time

Has placed his unqualified stamp of approval on the Genuine ROUND OAK Stove, made for over forty years by the Estate of P. D. Beckwith, Dowagiac, Mich.

In principle sound, and construction durable, it has enjoyed national success. Take the time to investigate the fitting workmanship, weight and quality of material, and you will sell yourself one.

Yes, it burns successfully and economically, hard coal, soft coal, coke, wood and cobs, forms no clinkers, and holds the fire perfectly. It is not surprising it is widely imitated in design and name, but all imitations fall far short in delivering the results secured by the genuine, which has never yet disappointed a user.

We sincerely recommend your investigation and purchase of one this season.

### We Repair Shoes.

Equipped to do good repair work in a workmanlike manner.

### Rubber Footwear

A Large Stock of Double Heel Rubbers

### CAUSE OF MISSIONS DISCUSSED AT MEETING

Well Known Speakers Heard in Addresses at District and County Meeting of the Christian Churches

A very profitable day was spent at the Central Christian church Tuesday, the occasion being the district and county meeting of the churches in the interest of missions. Group meetings of a similar character are being held over the entire state preliminary to the state and district missionary offering to be taken in November.

Addresses in missionary topics were made in the afternoon by Rev. C. F. French of Virginia, Rev. Robert Henry of Havana and the district work was presented briefly by Rev. John R. Golden, state secretary of Bloomington.

In the evening Rev. Mr. Golden was the principal speaker. In reviewing the missionary work he told of the early pioneers of Illinois and of what little conception they had of the growth of cities, no provisions having been made along the line of incorporation up to 1870. The problems which came about through the people of the rural districts moving to the larger centers was dealt with in a telling way by the speaker.

For best results try Claus' famous coffee.

### MEETING POSTPONED.

The Ladies Aid society of Centenary M. E. church has postponed their birthday social from Thursday to Oct. 29, at the home of Mrs. D. T. Heimlich. The meeting was to have been held at the home of Mrs. John Richardson, but postponed on account of her sister's serious illness.

**ANNOUNCEMENT.** We are pleased to announce the arrival of an assortment of Oriental Rugs from the Authentic Sleyman Collection at very attractive prices. A splendid opportunity to anticipate your Christmas gifts. ANDRE & ANDRE.

### ALEXANDER GUN CLUB HOLDS AN ALL DAY SHOOT TUESDAY

Event is Attended by a Large Number of Well Known Shooters and Several Jacksonville Men.

An all day shoot was held at Alexander Tuesday by the Alexander Gun Club, which was attended by a large number of shooters, including some well known trapshooters and several Jacksonville men. Two events of 100 birds each were held and the highest score was made by Bart Lewis of Auburn, with A. M. Masters of Jacksonville second.

A list of those who shot at the full 200 birds, together with the number of targets they broke, follows: C. Magill 182, Porter Corrington 168, J. W. Barre of Louisiana, Mo., 184; C. R. Smith 154, Fred Grandjean 161, John Snyder 184, M. E. Greenleaf 168, Bart Lewis 194, H. W. Cadwalder of Decatur, 185; A. Lawrence, of Loami, 155; A. H. Amman 189, A. C. Buckles of Mt. Pulaski, 176; T. Hall of Loami 184, A. C. Connors of Springfield 175, A. W. Rimmerman 176, F. P. Vickery of Jacksonville 177, A. M. Masters of Jacksonville 189.

The following shot at 100 birds and the number they broke follows the name: J. B. Corrington 76, C. E. Keenan 75, William T. Craig 87, Fred Kumble 68, H. Strawn 80, Groves 67, A. Strawn 80, H. Parks 78.

The following shot at only 50 birds: John Meany of Jacksonville, 38; Henry Goebel of Jacksonville, 40; Reynolds, 45; A. Obermeyer of Jacksonville, 45.

For best results try Claus' famous coffee.

### WOMAN FALLS FROM LADDER BREAKS ARM

Mrs. E. Lamb, who resides east of the city, fell from a step-ladder while picking pears Tuesday, and fractured her right arm at the elbow. Dr. J. U. Day was called and she was taken to Passavant hospital where the injury received the necessary attention.

### WILL ATTEND CONVENTION.

The annual meeting of the Illinois Association of Librarians will convene in Springfield today and the sessions will continue for several days. Miss Barrette, public librarian, will attend a part of the time and Miss Ausbury and Miss McLaughlin of the library will also be in attendance. Others from Jacksonville who will go will be Miss Jackson of the State School for the Deaf and Miss Conboy of Illinois college.

**WANTED**—Good family cook. Address Postoffice Box 347, 10-21-14

### PROPERTY DISPOSED OF BY MORGAN COUNTY RESIDENTS

Mrs. Mary O'Connell and John McGinnis Held Public Sales Yesterday. They Will Make Jacksonville Their Home.

Mrs. Mary O'Connell, residing three miles northwest of Murrayville, held a public sale Tuesday, which was largely attended. Prices which prevailed follows: Hogs, \$4.50 to \$6.75; calves, \$24.50 to \$37.50; yearling heifers, \$33.50 to \$42.00; two year old steers, \$70; milch cows, \$112, \$87.50, \$72, \$60; horses, \$65 to \$95; sucking mule, \$65; two year old mules, \$110; Sheaf oats, 30c per bushel; shock corn, \$1 and \$1.80 per shock. General farming implements sold well.

The ladies of the Woodson Christian church served lunch. Capt. John E. Wright and C. Justus Wright were the auctioneers and Ben Wright clerk.

Mrs. O'Connell expects to reside in Jacksonville.

**John McGinnis Sale.** John McGinnis held a public sale Tuesday at his home east of Arenzville. Charles Taylor was the auctioneer and George Englebach, clerk. Eighteen head of horses were sold which brought good prices; milch cows, \$86; brood sows, up to \$18.00; shoats, \$2.40 per head up. Farming implements sold well.

Mr. McGinnis expects to spend the winter with his family in California. He has sold his farm to his oldest son. Upon his return from the west he will make his residence in Jacksonville.

**SAVE YOUR HOGS.** Sulphate of Iron Will Keep Them Healthy. 100 Pound Sack \$1.25. GAY'S HARDWARE.

### CELEBRATES FOURTH BIRTHDAY

Mrs. H. H. Self and two children Claudine May and Russel Harvey, of Hillview are visiting at the home of her mother, Mrs. D. T. Summers of South Jacksonville. Tuesday was the fourth birthday of Master Russel and his grandmother presented him with a beautiful birthday cake lighted with four pink candles, which delighted the little fellow very much.

### FRACTURED TWO RIBS.

John Fernandez, one of the carpenters employed in the erection of the new residence of J. L. Johnson on Lockwood place, had the misfortune Tuesday to make a misstep and fell from the top of the portico to the ground, a distance of twelve feet. In alighting he fell upon a stake in the ground and fractured two of his ribs. Dr. J. W. Hairgrove gave the needed attention to the injuries.

### CONTRIBUTORS FOR FREIGHT RATE CASE GET REFUND

Springfield Commercial Association Decides Not to Prosecute Matter at Present Time—Jacksonville Fund is Returned.

The Springfield Commercial association has returned to the Jacksonville chamber of commerce that portion of the sum of \$1000 which was pledged as a fund to pay toward the expense of conducting a joint prosecution before the interstate commerce commission in an effort to get lower freight rates for both Springfield and Jacksonville. Last year the Springfield association had a case before the commission and after some months of vigorous fighting secured a re-classification of rates for Springfield, not as low as desired but better than had prevailed before, and so effected a saving of many thousands of dollars for Springfield shippers.

However, the classification secured was not as low as that in Peoria and the capital city association determined upon another suit and Jacksonville was invited to make it a joint case and thus lessen the expense with the hope of benefiting both cities. J. L. Bowlus, who was traffic man for the Springfield association, was here on a number of occasions several months ago and presented the matter to the local chamber of commerce. It was referred to the traffic committee of which F. H. Bode is chairman, and subsequently various merchants contributed to a sum which aggregated \$1000.

Mr. Bowlus was not only to prosecute the case before the interstate commerce commission, but was also to take up individually freight matters for shippers here. A portion of the total fund to be paid was collected and turned over to the Springfield chamber of commerce, the sum amounting to between \$300 and \$400. Subsequently however Mr. Bowlus took a position under the public utilities commission and some other matters developed which made it impracticable for the Springfield association to carry out the first proposition, and as there had been some delays, the local chamber of commerce suggested that the money paid should be refunded and the Springfield organization agreed to this, and yesterday Secretary Pritchey received a check to cover the amount. Consequently the money which had been subscribed by the various local business men will be returned to them, and no harm has been done, although naturally the local merchants regret that the matter could not have been prosecuted to the end with the hope of ultimately gaining better rates.

**APPLES! APPLES!** Car load of fancy fruit, 224 W. State street. Come and see them. Price right.

### WOMAN'S COUNTRY CLUB MEETS

Members Are Entertained Tuesday Afternoon by Mrs. Katherine Magill—Interesting Program Given.

The regular meeting of the Woman's Country Club of Orleans was held Tuesday afternoon with Mrs. Katherine Magill with a good attendance. This was the last meeting of the program year and on November 4th open meeting of the club will be held with Mrs. Frank Drury.

At Tuesday's meeting Mrs. Arnold gave an excellent paper on Michelangelo and another was given by Mrs. Hulet on Raphael. The roll call was answered to with a favorite work of art and Mrs. W. H. Hinrichsen told of the open air school at the Free Clinic in Jacksonville. After the meeting a social time was enjoyed when refreshments were served.

### MATINEE TODAY.

Attend the racing matinee at Jacksonville Driving Park this afternoon. Good program.

### DIVORCE SUIT FILED.

A divorce suit was filed in the circuit court Tuesday for hearing at the coming term. Mrs. Mary Grady, by her attorney, T. F. Smith, is asking for divorce from her husband Daniel Grady. They were married in January of 1913 and lived together until June of the present year, and infidelity is the charge made in the declaration.

### HAVE PERFECT RECORD FOR SCHOOL ATTENDANCE

Seven pupils at the Buckhorn school, which is taught by J. J. Hogan, had a perfect record for attendance during the month of September, being neither absent nor tardy. They are Bernadetta Cosgriff, Emma Flynn, Lillie Flynn, Mildred Ragan, Olive Ragan, Mary Coleman and Joseph Cosgriff.

### NOTICE TO USERS OF ELECTRICITY

On account of construction work now under way, it may become necessary at any time during the week to shut off a part of the current used for residence lighting. This will not be done unless the load becomes too heavy for the boilers left in operation. Residences using electric lights should be prepared with an auxiliary light for this possible emergency. It is not likely that the current will be shut off to exceed sixty minutes at any one time. This condition will exist only until Saturday morning, Oct. 24. Power customers and business houses will not be disturbed. JACKSONVILLE RAILWAY & LIGHT CO.
